

Windows Are Shattered in Columbus

COLUMBUS, Ohio (AP) — Store windows were shattered along a six-block front and three persons were injured slightly in a disorder in the East Side Negro section Wednesday night. About 200 police, armed with shotguns, tear gas and nightsticks, restored order after several hours. One of the injured was a policeman hit by a rock. The others were Negroes. In another Ohio city, Dayton, police arrested about 50 persons—mostly teen-age Negro youths on disorderly conduct charges—during a second straight night of disturbances. One fire was reported during the trouble on Dayton's West Side Wednesday night. There was also some window breaking, looting and vandalism in the area, where 131 arrests were made Tuesday night. The Columbus disturbance broke out near a building picketed by 10 persons who claimed the owner refused to rent space to the Congress of Racial Equality. Twenty three Negroes were arrested.

\$40 Million for U.S. Rat Control Aid

WASHINGTON (AP) — A substantial swing among urban and suburban Republicans caused the House's about-face vote of \$40 million for expanded federal rat control aid. An analysis of the 227 to 173 vote Wednesday showed 42 Republicans who voted in July against an administration \$40-million rat control proposal this time supported the amendment to add the extra money to funds authorized for state health programs. Twenty-eight of these representatives districts with substantial urban and suburban areas. Sixteen are GOP freshmen who have opposed most administration legislation in the present congressional session. Democrats overwhelmingly supported both rat programs. Of 49 members absent for the first vote, 27 supported the second proposal, including 21 Democrats and 6 Republicans. The House tentatively adopted the amendment by one vote Tuesday. It made that action final Wednesday as 159 Democrats and 68 Republicans supported the proposal and 63 Democrats and 110 Republicans opposed it. Republicans succeeded 155 to 81 in eliminating from the bill a \$8 million un budgeted emergency hospital aid program. The House passed the over-all measure 395 to 7 and sent it to the Senate. The bill contains \$932 million in new authorizations over four years, including \$48.5 million this year on top of the \$157 million previously approved. Opponents of federal rat control programs charged the reversal was due to pressure applied since the July 20 vote in which the House refused 207 to 176 to even consider the administration plan for a rat program run by the Department of Housing and Urban Development.

Race Issues Greet Romney in City Visits

By HARRY KELLY MILWAUKEE, Wis. (AP) — Gov. George Romney, continuing his tour of big cities, says he's "absolutely indifferent" to any adverse political consequences resulting from his display of concern for those living in slum neighborhoods. The Michigan governor, who faced two racial confrontations Wednesday, told a Milwaukee news conference racial problems and city violence are this country's major problem. Romney arrived in Milwaukee on his tour of urban areas. But there were no plans for him to meet the Rev. James E. Groppi, who has been leading demonstrations for an open housing ordinance. Father Groppi left Milwaukee Wednesday for an appearance in Washington before the president's commission on civil disturbances. Milwaukee's Mayor Henry Maier decided to give a speech out of town so will not be available for any conference with the governor of Michigan. Romney, an undeclared candidate for the Republican presidential nomination, was barred Wednesday from entering a private welfare organization in a Puerto Rican neighborhood in Chicago—and then faced some tough questioning from Negro militants who wanted to know what he would do for them if he was ever elected president. "We don't want any double talk," a young Negro told Romney in the store front headquarters of West Side organization. The Negro militants had questioned Romney as to whether his Mormon religion made him anti-Negro, and Romney told them they should judge a man by his deeds. In the headquarters, Romney was told by a young Negro "this is serious business. People are losing their lives over this racial foolishness." A few minutes before his entrance into the Negro neighborhood, the Michigan governor had a sidewalk confrontation in a Puerto Rican neighborhood with the youthful director of a private social welfare organization, who refused to let Romney enter the door. Romney had understood that he would be welcome at the Casa Central outpost but was greeted with a sign saying "We do not welcome politicians that called out National Guard on

Moviemaker Shot to Death in Kentucky

WHITESBURG, Ky. (AP) — A prominent Canadian film producer was shot to death Wednesday as he and a four-man production crew filmed scenes of poverty in this mountainous eastern Kentucky area. Hugh O'Connor died soon after being hit with a .38-caliber slug in his chest. Hobart Ison, 69, of the Jeremiah community, was charged with murder. A hearing was set for this afternoon. The 46-year-old Montreal native was on leave from the Canadian National Film Board to produce a film on "All Walks of Life in the United States" for Francis Thompson, Inc., a New York City firm that specializes in educational documentaries. Ison owns a cluster of houses at a coal mine camp about five miles north of here on Ky Route 7. It was this cluster of shacks that the crew was filming when O'Connor was shot to death. The four members of O'Connor's crew told this story to state and county authorities: They stopped to take pictures of some people beside the road. After 40 minutes of picture-taking, when they were winding up their session, a car drove up and a man whom they had never seen jumped out yelling, "Get off my property!" The crew members and O'Connor began gathering their gear when the man fired two shots above them. As the crew was putting the equipment into their car across the road, the man fired a third shot, this time at the group, which struck O'Connor in the chest, killing him. "We had never seen him before," said Theodore Holcomb, one of the crew members. "He didn't know who we were, I'm sure." Holcomb said he and the other three crew members hadn't decided whether they would continue filming for the documentary.

Not Afraid of Mice
The legend that elephants are inherently afraid of mice is based more on fancy than fact. An elephant's concern with mice and other small animals is that they might enter its trunk, according to the Encyclopaedia Britannica.

Mrs. Elsie Cook of Hope, announces the engagement and approaching marriage of her daughter, Veronica Wardlaw, to Ronnie Stovall, son of Mr. Archie Stovall of Prescott.

Miss Wardlaw is a 1965 graduate of Hope High School, and is presently employed with Southwestern Bell Telephone Co. of Hope. Mr. Stovall is a 1965 graduate of Prescott High School, and is employed with Formula Two Inc. of Prescott.

The wedding will be an event of Oct. 6 at 7:30 p.m.

LEGION AUXILIARY ELECTS OFFICERS
New officers for Leslie Huddleston Unit 12, American Legion Auxiliary, are: president, Mrs. Dean Murphy; first vice-president, Mrs. Fred Formby; secretary, Mrs. Ben Edmiston; treasurer, Mrs. David Frith; chaplain, Mrs. M. M. McCloughan; sergeant-at-arms, Mrs. Cecil Weaver; historian, Mrs. Claud Byrd.

The officers were installed by Mrs. Charles Taylor on Tuesday, September 19 at a meeting in the home of the new president. The outgoing president, Mrs. E. S. Franklin, presented the gavel to Mrs. Murphy.

Vice-president, Mrs. Formby, made an interesting report on the state conference she had attended in Little Rock. The meeting was adjourned after a closing prayer by Mrs. Weaver.

Russian tea, cake and cookies were served by the hostess.

Coming, Going
Martha Allison left last week for Agnes Scott College in Decatur, Ga., where she is serving as a Sophomore Counselor and this year is on the staff of the school paper.

Attending the Arkansas Federation of Garden Clubs Fall Board meeting in Searcy on Tuesday were Mrs. Jerry Alexander, Mrs. Ned Purdie, Mrs. B. W. Edwards, Mrs. Lonnies Crow, and Mrs. Ned Ray Purdie.

Mrs. Roy Stephenson has returned from Ft. Worth where she attended funeral services for her aunt, Mrs. J. B. Laski, on Monday.

Forced to Give Up Canoe Trip
INUVIK, N.W.T. (AP) — Luther Meyers, 71-year-old retired San Francisco newspaperman, was back in Inuvik today, cheated by the approaching Arctic winter of completing a 2,700-mile solo canoe trip.

Because of snow, Meyers turned back at Reindeer Station on the Mackenzie River, 200 miles short of his goal. He set out in a 17-foot plastic canoe June 21 from Summit Lake on the Arctic-Pacific Divide 40 miles north of Prince George, B.C. Meyers followed the Crooked, Parsnip, Peace and Slave rivers to Great Slave Lake, then pushed north on the Mackenzie to Inuvik, 1,200 miles northwest of Edmonton. This was Meyers' fifth trip in the Arctic and he plans to return next year.

Television and Radio

By CYNTHIA LOWRY
AP Television-Radio Writer
NEW YORK (AP) — Jack Webb, an actor who neither sings nor dances but does have a television series on NBC was a guest on Tuesday night's "Jerry Lewis Show," also on NBC.

So what did he do? He was in a little sketch satirizing his program, "Dragnet."

David Hedison, an actor who neither sings nor dances but does have a television series on ABC, was a guest on Tuesday night's "Hollywood Palace," also on ABC.

So what did he do? He was in a little sketch which satirized his program, "Voyage to the Bottom of the Sea."

Television usually runs into its stormiest weather when it attempts satire, but always seems to find television—from enter-

tainment programs to commercials—its best and easiest target. But by now it has become almost a ritual to use TV stars to kid their own product.

It was, as a matter of fact, about time somebody poked a little fun at "Voyage to the Bottom of the Sea" and its monster-of-the-week. "Hollywood Palace's" monster, Rock Man, was not really more ridiculous than some presented seriously in the adventure series.

Milton Berle was host on the "Palace" variety show, moved this season to a new night and time spot. The program, essentially a vaudeville show, has its own style and is in no way a carbon of the Ed Sullivan hour.

Lena Horne, who sang two songs, was given a glittering background, and one production number with Neile Adams dancing with the chorus boys had polish and class.

NBC's "I Dream of Jeannie" introduced a new character Tuesday, Jeannie's sister-Barbara Eden in a black wig-who

is a mean, selfish genie, unlike Barbara Eden's good blonde genie.

The series now is in its third season, suggesting that it must have a devoted following. But it is hard to get involved in the program since all the humor is pegged on special effects and camera tricks. It is not terribly funny, for instance, to see a young astronaut puzzling his superior officer when in a twinkling of a genie's eye, his clothes are magically changed.

"Password" after six years disappeared this week on CBS and in its place has come "Love Is a Many Splendored Thing," based on a novel. It is the story of a Eurasian girl coming to the United States and meeting her father's American family. It will take more exposure than a couple of days to find out if it has anything more to offer than the rest of the afternoon soap operas. But "Password," a bright and literate game that involved the audience, undoubtedly will be missed by many viewers.

Art Stark, for years the producer of Johnny Carson's television shows including "The Tonight Show" is the new producer of ABC's "Good Company," John Aaron quit the new series after a disagreement with David Susskind.

Looked Like a Convict

PENSACOLA, Fla. (AP) — Bill Rentschler decked himself out in one of the convict-striped T-shirts that are the rage among teen-agers in his home town and went riding through nearby Milton.

Two police officers pegged him for an escaped convict, "But I bought this shirt," protested the 17-year-old from Pace, Fla. The police took him to jail.

Rentschler telephoned his grandmother, whose explanation was enough to free him.

Associated Press Writer

One voter in last week's Associated Press high school football poll voted a three-way tie for first between North Little Rock, Little Rock and Fort Smith Northside.

That particular voter should not have any problem choosing between North Little Rock and Hall after Friday night. That's when the Wildcats host the Warriors.

Both teams have been impressive in their first couple of games. North Little Rock, ranked No. 1 in the state this week, has beaten Jacksonville, Horace Mann and Blytheville and given up only two touchdowns while scoring 98 points.

Hall, ranked third, has beaten Little Rock Catholic and North Little Rock Jones, giving up seven points while scoring 79.

The Warriors ruined the Wildcats' perfect season in 1966 and this one will be the first conference game for both. North Little Rock 21, Hall 14.

Fort Smith Northside, No. 2 in the poll, encounters another strong defender until Friday night at Pine Bluff. Both teams are undefeated but the Grizzlies have looked better against stronger opposition. Northside 20, Pine Bluff 6.

Fort Smith Southside and Fayetteville get together in a Class AAA Western Division battle. The running of Robert Bennett might figure to be too much for the Bulldogs. Southside 19, Fayetteville 7.

Last week's percentage was a poor .655.

Other Class AAA and AA forecasts around the state:

West Memphis 19, Blytheville 7

Jacksonville 7, North Little Rock Jones 6

Little Rock Central 20, Horace Mann 7

HOPE BUILDERS SUPPLY CO.

American Still in a 2-Way Tie

By RON RAPAPORT
Associated Press Sports Writer

Al Kaline, who struck early and often, got an early good night. Carl Yastrzemski, who saved his best shots for the late innings, had to stay around to the bitter end.

Kaline hit his 25th homer in the first inning of Detroit's 10-1 rout of the New York Yankees Wednesday night. After he doubled in the Tigers' run-scoring third and fifth innings, Al was sent home to put his feet up.

But the Red Sox, who have made comeback victories a way of life lately needed Yastrzemski every inch of the way against Cleveland.

He hit his 41st homer in the sixth inning then got his fourth hit in the ninth, a single, and rode home on Reggie Smith's single with the run that won the game 5-4.

The Red Sox stayed tied for the American League lead with Minnesota, which beat Kansas City 6-2 earlier in the day, while the Tigers remained in fourth place, one game out and a half-game behind third-place Chicago, which beat California 6-4.

Baltimore took a doubleheader from Washington 4-3 and 6-3 in 10 innings.

In the National League, Philadelphia beat St. Louis 3-1, San Francisco took Chicago 5-1, Cincinnati crushed Atlanta 9-4, Houston edged Pittsburgh 5-4 and Los Angeles defeated New York 4-3.

"These one-run games are more of a strain on you," said Yastrzemski. "It'd be less of a strain if we'd win 9-1 and lose by the same score."

Tiger Manager Mayo Smith said Kaline's first-inning shot unglued Yankee starter Al Downing, who usually gives the Tigers a tough time. Don Wert, who seems completely recovered from his hamstring pull, added a homer in the eighth.

Joe Spina, who gave up only seven hits, lost his shutout when Charlie Smith homered in the ninth. Spina's record now is 15-9.

The Twins got all the hitting they needed from Tony Oliva and Bob Allison, who each hit two-run homers, but Harmon Killebrew drove in a couple of runs with singles just to make sure. Dean Chance won his 19th game, giving up just four hits and striking out 13.

The White Sox got a homer and three runs batted in from Tommie Agee and clutch relief pitching from Bob Locker, who pitched three innings of hitless ball before giving up a final run in the ninth. Rick Reichardt homered for the Angels.

Gaylord Perry won his fifth straight game on a seven-hitter and evened his record at 15-15 as San Francisco won its 13th game in 17 September starts.

Jim Davenport had four hits including a home run for the Giants, who jolted Cubs' rookie Rich Nye early.

Al Ferrara tagged a two-run double that snapped a scoreless tie in the sixth inning and helped Don Drysdale pitch Los Angeles past the Mets.

Vada Pinson and John Bench walloped three-run homers for the Reds, who whacked the Braves. Pinson connected in the first inning and Bench's first major league shot came in the sixth. Hank Aaron hit his 38th for the Braves.

Houston rallied for three ninth-inning runs—the last two on pinch hitter Ron Davis' two-out pinch single—and nipped the Pirates. Doubles by Jim Wynn and Doug Rader started the winning rally and Davis' bases-loaded single climaxed it.

Since the beginning of spring practices the coaches have squawked and squawked, but the answer to their complaints was a wait-and-see attitude that would come with the fall's first games.

Since last Saturday's action the mentor up at Bucknell U. stated that he had lost three starters to injuries in their opening battle with Boston University, and each one had been hurt on that punt return play.

A real cause for controversy came about when committee member Frank Broyles of the Razorbacks lashed out at the rule before a group of SWC writers and sportscasters who are touring the conference's training camps. Broyles gave many points on his side of the argument, and implied that the dynamics and scientific methods of the play had been removed.

It is my belief that the rule will benefit no one but the spectator. If the rule is not repealed, watch for

some big college upsets soon. A team like SMU, with a Jerry Levis type of sprinter, could win the national championship on nothing but punt returns.

Thinkers Rule Helps Only a Speedster

By RALPH ROUNTON
Star Sports Writer

It seems that each time a football season comes around, the college coaches always can find something wrong with the rules revisions made by the NCAA Rules Committee, of which Arkansas' Frank Broyles is a member.

This season is no exception, as few kind words have been passed on the new punt return ruling brought into effect last January. The ruling states that on punts, the kicking team can send only backs and ends downfield at the snap of the ball. From tackle to tackle, the linemen must wait until the ball is actually kicked before leaving the line of scrimmage to cover a return. This was done, said the Rules Committee, to make the game more exciting, and to prevent costly injuries that had been occurring on punt returns.

Since the beginning of spring practices the coaches have squawked and squawked, but the answer to their complaints was a wait-and-see attitude that would come with the fall's first games.

Since last Saturday's action the mentor up at Bucknell U. stated that he had lost three starters to injuries in their opening battle with Boston University, and each one had been hurt on that punt return play.

922 Pound Tuna May Set Record
SOUTH KINGSTOWN, R.I. (AP) — A 922-pound bluefin tuna, believed to be the largest ever caught in Rhode Island waters, was brought into Snug Harbor Tuesday by Dr. James M. Muckley of Canton, Ohio, Dr. Muckley said he fought the big fish for three hours, 10 minutes before boating it south of Block Island.

Game Is a 'Must' for Bobcats

By RALPH ROUNTON
Star Sports Writer

If "must" games were ever needed, they are needed now. For the next seven weeks the Hope Bobcats will be lining up across the line from 4-AA opponents. And the Cats need some wins to help boost the winning spirit.

Tomorrow night the Bobcats play host to the Smackover Battle-Bucks, and both teams need a win desperately before meeting much rougher competition than each other. Hope has a 2-1 record, while the Buckaroos are 1-1. Both squads have won their only other district game. The game itself should be a close battle between two outstanding rivals.

The Bucks, led by star quarterback Mike Holloway, will present a passing attack such as the Bobcats have not seen this year. Holloway likes to play catch with ends Alva Lotz, Wilfred Jackson, and Steve Daniel. But the Smackover line could be the roughest problem. From tackle to tackle, they should provide the sternest test yet for the Bobcat defense.

Tackle Donnie Ray is the heaviest, scaling 225 pounds. Daniel (191) and Gerald Weaver (195) are not far behind. Earl Farley, 170-pounds at center, is a solid performer also on the Buckaroos' tough defensive team. Pulling guard James Eubanks is small at 150, but experienced as a fine three-year starter. Besides Holloway, in the backfield they have 165-pound Martin Phillips, 145-pound Charles Bussell, and speedster Dennis Biggers at 155.

The defense should be led by the line play of Ray, Weaver, Daniel, and Allen Gandy, a 170-pound senior. The rover, equivalent to the monster, will be the tough Farley, who will put his leadership to work at this crucial position. The secondary will be slightly experienced, as head coach James Lemley must depend on soph Bruck Hutcheson (135) at safety. The Bobcats' offense could have a time getting into scoring position.

The Buckaroos are always tough against Hope, and each and every football fan should come out tomorrow night and follow the Bobcats. Kickoff time is now set for 7:30 p.m. For an added treat, come to Hammons Stadium at the same time tonight.

The unbeaten Hope Bobcats put their 2-0 mark on the line against another 2-0 junior high team, the Arkadelphia Beavers. The Kittens will be out to avenge a 12-6 setback at Arkadelphia a year ago. The local team has a fine future, and local support is needed badly by these boys, who need the confidence to put pride and a winning spirit in their minds. Pay Hammons Stadium a visit tonight and again tomorrow night. You'll get your money's worth.

Rudolph Is Armed With New Putter

By HERSCHEL NISSENSEN
Associated Press Sports Writer
CLIFTON, N.J. (AP) — Armed with a new putter and an aching back, Mason Rudolph sets out today in defense of his Thunderbird Classic Golf Championship, his only tour triumph in the last three years.

The 33-year-old Tennessean headed for a doctor and a hot tub, immediately after completing Wednesday's pro-amateur event. He was several strokes above par and said he picked up his ball on a couple of holes.

"It's a dull ache," Rudolph said, flexing his torso and gripping the base of his spine. "It started during the Philadelphia Golf Classic last weekend."

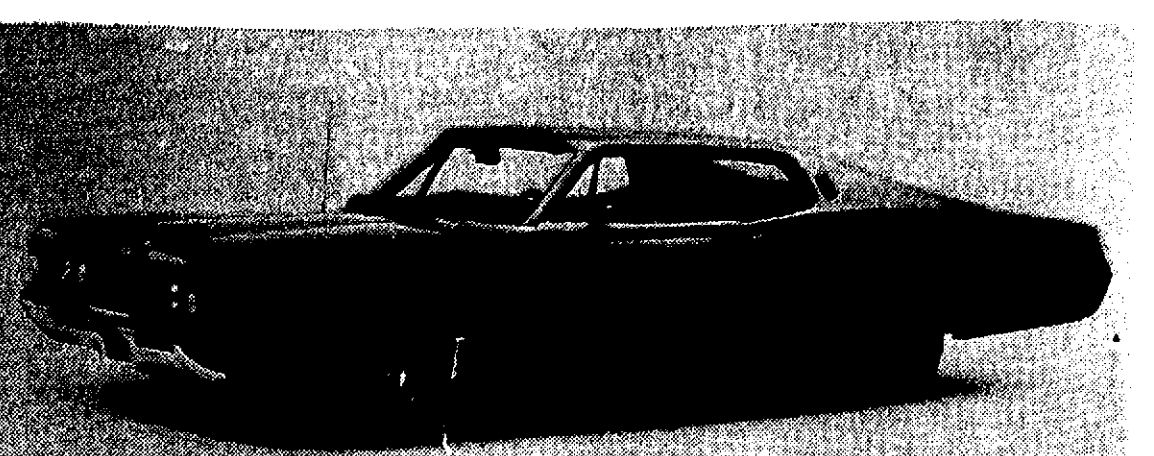

Rudolph tied for third at Philadelphia and picked up \$6,160. A new putting stroke and an Arnold Palmer-model putter have given Rudolph some nice paychecks of late after a slow start.

He won \$4,937.50 in the Westchester Classic with his old "blue goose" mallet putter then switched to the Palmer model and won a pro-am event in Dalton, Ga., shooting a 32 over the final nine holes. Then came Philadelphia, which brought his 1967 winnings to \$33,395.74.

First prize in the \$150,000 Thunderbird is \$30,000.

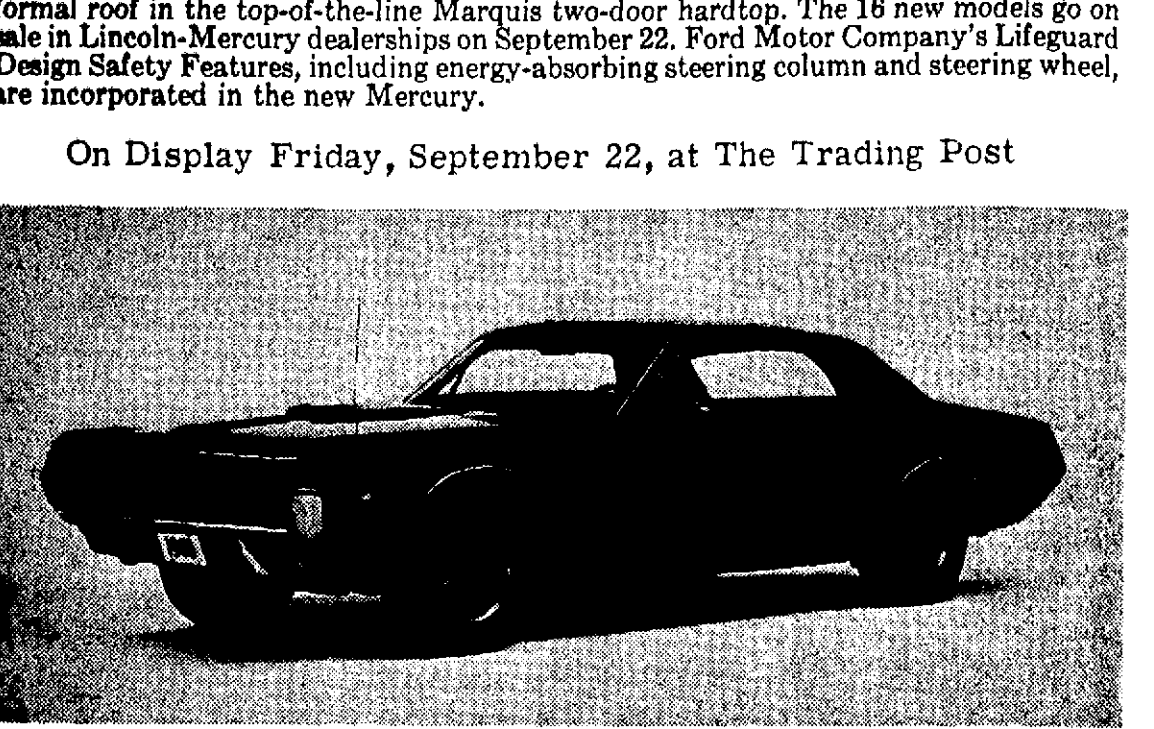

Jack Nicklaus and a hot Billy Casper took low pro honors in Wednesday's pro-am with 68s over the 7,055-yard, par 72 Upper Montclair Country Club layout.

A fly-by-night securities salesman usually calls himself a "broker" because that's how you wind up after dealing with him.

New two-door hardtops with sporty, sweeping roof lines highlight the Mercury for 1968. The design theme underscores Mercury's relationship to the Lincoln Continental. The fine-car family resemblance starts with a crisp new forward-thrusting die-cast grille, wrap-around bumper with functional air slots and power dome hood. The classic appearance is emphasized further by distinctive new vertical parking lamps that also serve as side marker lights at night and as turn signals designed as wrap-around elements in the front fenders. In addition to the new low crown roof in the Montclair, pictured above, and in the Monterey and Park Lane two-door hardtops, Mercury offers a more formal roof in the top-of-the-line Marquis two-door hardtop. The 16 new models go on sale in Lincoln-Mercury dealerships on September 22. Ford Motor Company's Lifeguard Design Safety Features, including energy-absorbing steering column and steering wheel, are incorporated in the new Mercury.

On Display Friday, September 22, at The Trading Post

The success car of the year—Mercury Cougar—stalks an even larger share of the specialty car market with four exciting models for 1968. Newest Cougar on the prowl is the 7.0 Litre GT-E, designed with the luxury and appointments of a grand touring car and the muscular appeal of a competition car. The Cougar GT-E, pictured above, features a power dome, wide lower body silver paint and quad exhaust pipes. Its promise of thrilling road performance is fulfilled by its 427-cubic-inch V-8 teamed with Select-Shift Merc-O-Matic transmission and backed by performance handling package, styled steel wheels, power disc brakes and power steering. New engines in a broader range and engineering advances highlight the entire Cougar line. Ford Motor Company Lifeguard Design Safety Features, including energy-absorbing steering column and steering wheel, are incorporated in the new Cougars which go on sale in Lincoln-Mercury dealerships on September 22.

On Display Friday, September 22, at The Trading Post

New Football League Is Planned

At a meeting of the Grade School Football League coaches and officials Tuesday night at the Youth Center, a request was made by a group of interested parents to organize a league for 2nd, 3rd, and 4th grade boys.

By overlapping into the 4th grade, this league would provide a place for 4th graders that are considered too small for the regular league. This would give parents of 4th graders an option of playing their son in either league, providing that he does not weigh more than 75 pounds, which probably will be the top weight limit in the younger league. This will be discussed and agreed upon in a meeting of the coaches early next week.

The new league would be a very low organized activity that would be for recreation and instruction only. Players would be taught the very basic fundamentals of Football with every effort being made to insure that the game would be kept simple and enjoyable for the youngsters participating.

Each player would be required to furnish his own equipment, which would include helmet, shoulder pads and mouth guard. A player could wear pants, but he would not be required to. League officials will make every effort to provide equipment for boys who could not provide their own.

First grade students would be allowed to play on request from their parents.

Parent release forms will be distributed to prospective players at each grade school. Parents that would like more information on the program before signing the forms should contact Charles Gough or Joe Chism at the Youth Center.

The local Punt, Pass, and Kick Competition sponsored annually by the Hope Auto Company with assistance from the Parks and Recreation Department, will be held this year on October 7th at the Grade School Field in Legion Park. The exact time will be announced at a later date.

This Competition is open to boys 8 through 13. Boys who will become 8 on or before Jan. 7, 1968 and boys who will not become 14 until after Jan. 7, 1968 will be eligible to compete.

All participants will compete only against others within their own age group, with prizes being awarded for 8, 9, 10, 11, 12 and 13 year old groups.

There will be a first, second and third place award in every age group. These awards are beautiful metal statues of a Football player.

Participants will punt, pass

1,000 Turn Out to Greet Cardinals

ST. LOUIS (AP) — About 1,000 fans jammed blamert Municipal Airport early today to greet the homecoming St. Louis Cardinals despite a driving rainstorm and a three-day wait since the Cardinals clinched the National League pennant.

The crowd overflowed the west concourse of the terminal chanting, "We want Cha Che," until slugging first baseman Orlando Cepeda appeared. A group of six policemen had to accompany Cepeda through the crowd while fans grabbed at him, hugged him and slapped him on the back.

Cardinal Manager Red Schoendienst was the first man off the plane and he held an impromptu news conference with reporters in the rain.

The "Red Head" shrugged off all questions about the American League race.

Scenes From the Nevada Fair Parade at Prescott Tuesday

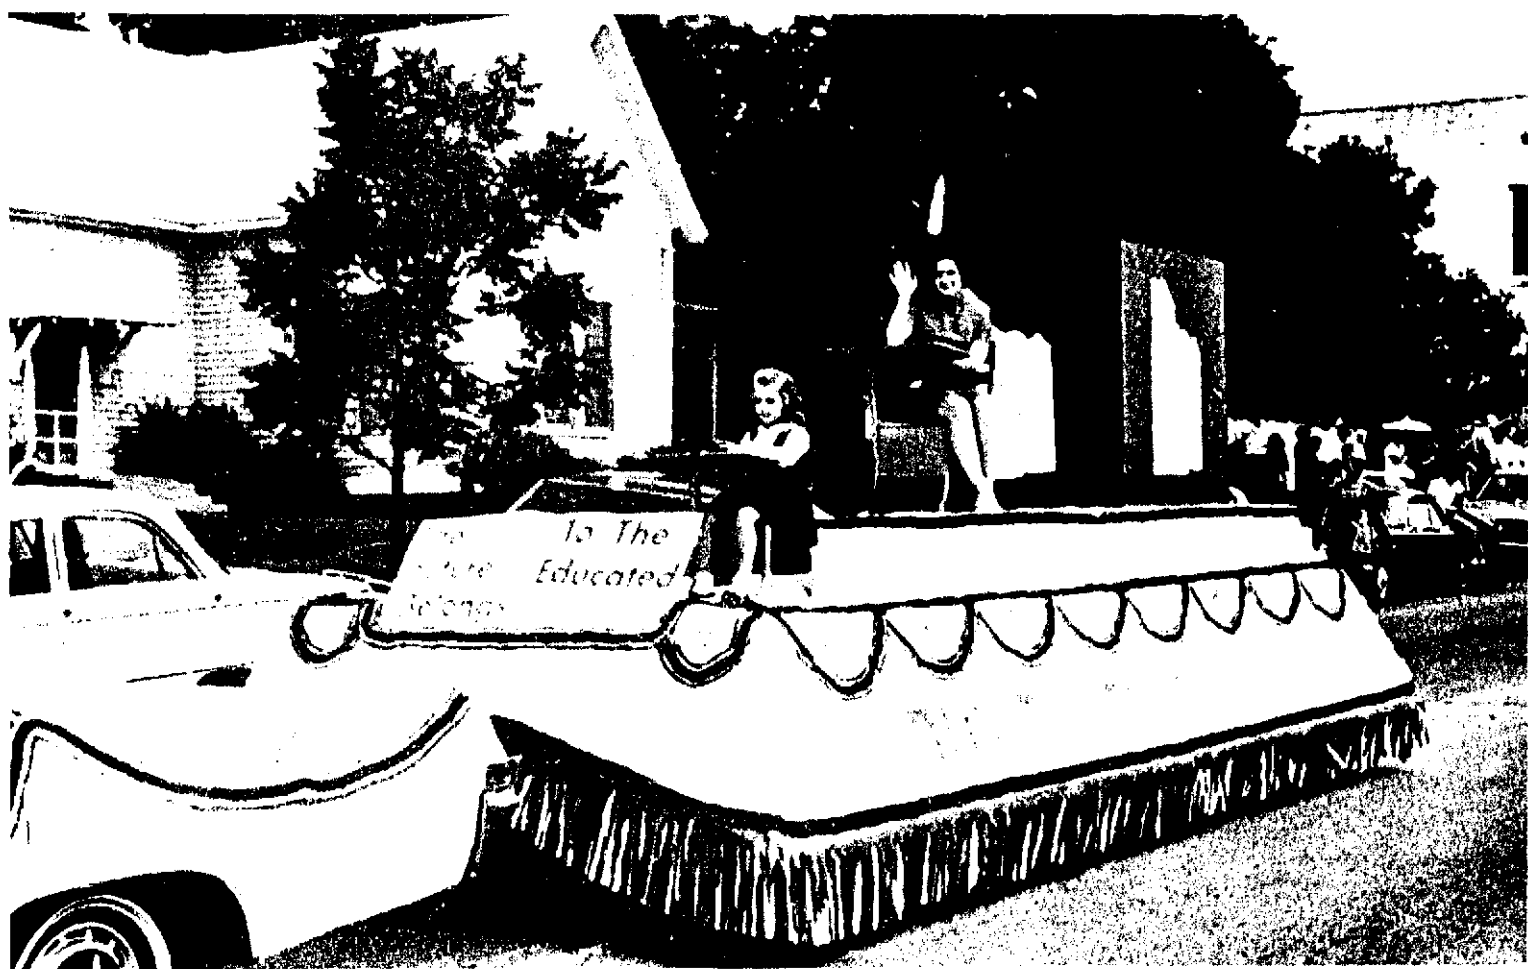

Hope Star photos

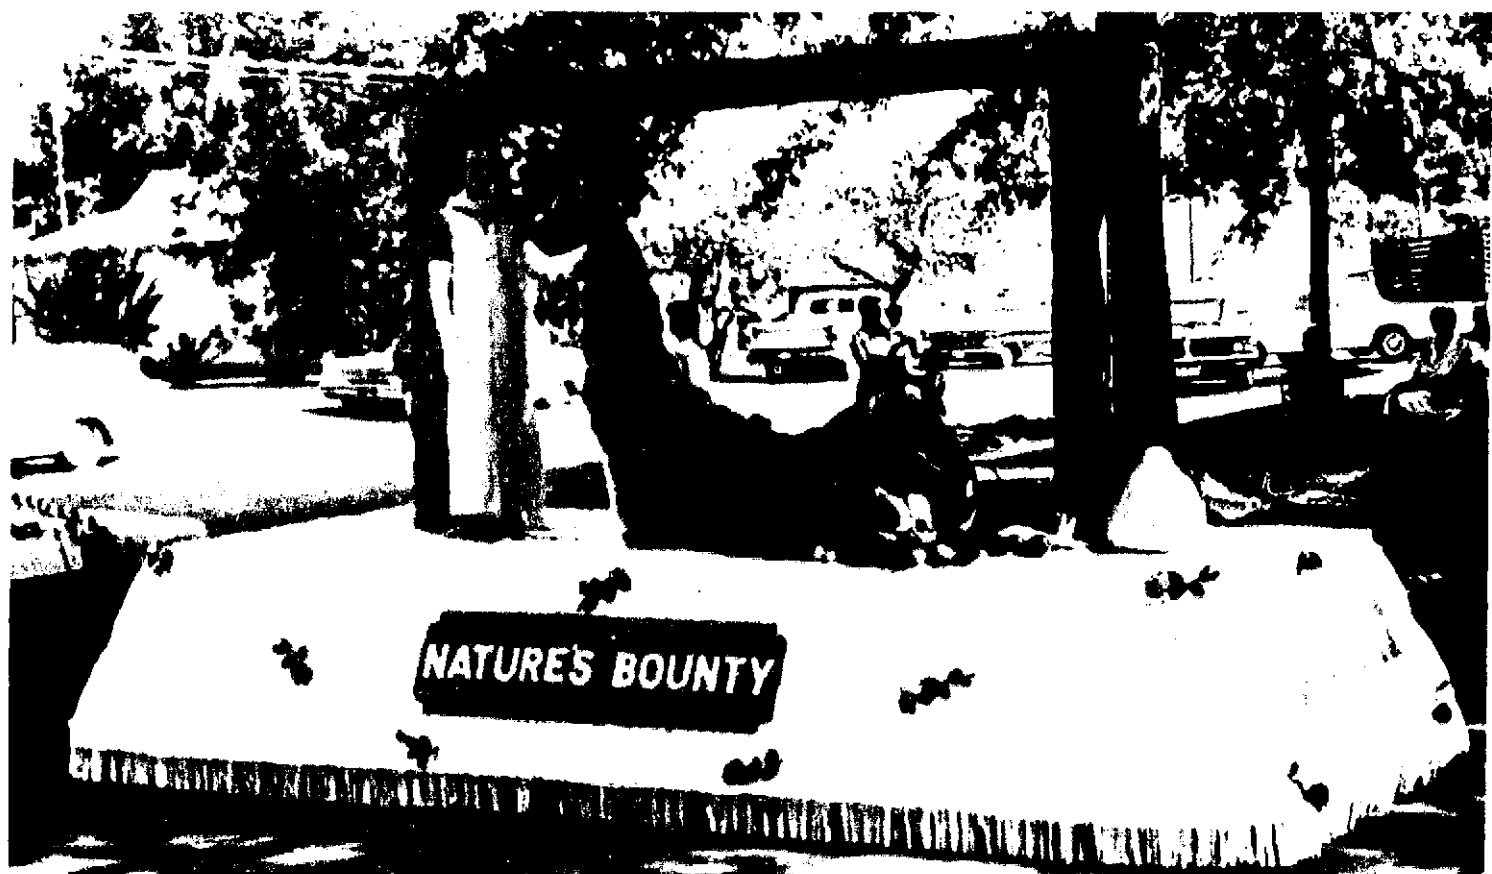

This is the Little Miss Nevada County Queen's float in the parade at Prescott during the Nevada County Fair. The Prescott Jaycettes float, Building With Religion, was third in the civic division.

The Council of Garden Clubs float in the Nevada County Fair parade which took second place in the Civic division.

Willisville's float was third in the overall division and second in the school division.

Laneburg's Nature's Bounty float placed third in the school division.

Left to right: Judy McKinnon, 17, Prescott, was second runnerup. She is the daughter of Mrs. Harvey McKinnon; Queen Janet Jordan, 17, daughter of Dr. and Mrs. D. S. Jordan; Betty Woodell, 17, first runnerup, daughter of the Rev. and Mrs. W. R. Woodell. The selection was made before a large crowd last night at the Nevada County Fair.

Left to right: Sherry Dillard, first runnerup, daughter of Mr. and Mrs. Joe Dillard of Rosston Rt. 2; Queen LeAnn Evans, 5, daughter of Mr. and Mrs. Al Evans of Prescott and Connie Rhodes, second runnerup, daughter of Mr. and Mrs. Billy Joe Rhodes of Rosston Rt. 2.

This shows the McRae High School Band marching in the parade.

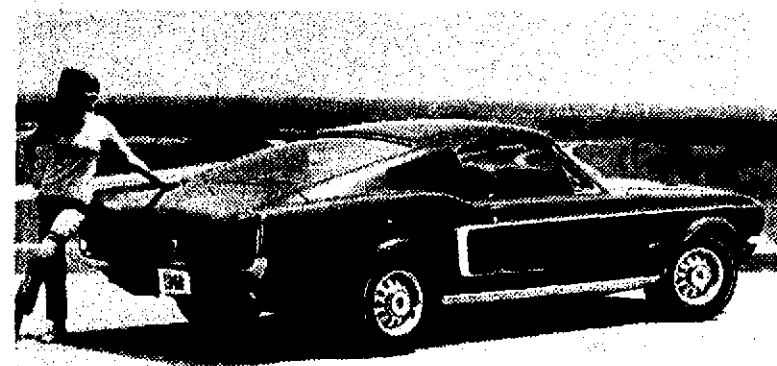

The Prescott Senior High Band marching and playing.

The Prescott Junior Band also took part in the parade.

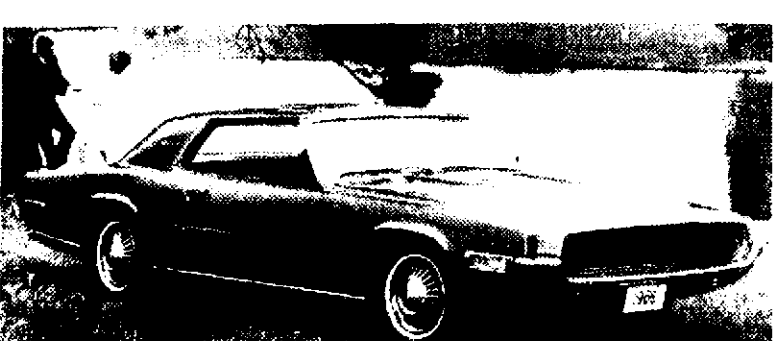

Strikingly new for 1968 is Torino by Ford. At the top of the Fairlane series, the Torino is available in six models including the formal hardtop (above) and the GT fastback. Four inches longer than previous Fairlane models, the Torino brings a new standard of luxury to the intermediate class. All 1968 Fairlane models have completely new sheet metal featuring an integrated grille-headlamp assembly and a distinctive raised center panel. A new 302-cubic-inch engine is standard in the Torino GT and optional in all other series.

A new simulated air scoop on the side quarter panel, standard hood louvers and a new grille readily identify the 1968 Mustang, America's favorite fun car. The GT 2+2 fastback above features a new accent stripe and the convertible model below has the optional, low gloss black louver stripes and hidden boot fasteners. A wide range of engines up to a powerful 427-cubic-inch V-8 is available. New options include wide-oval radial ply tires and AM/FM multiplex stereo radio.

Falcon in 1968 retains its long hood, short rear deck styling theme, but design innovations, a larger engine option and new interiors help to set it apart from earlier models. A new squared-off rear end gives Falcon a more stable appearance as exemplified in the Futura four-door sedan above. The Futura station wagon below retains the dual-action tailgate that opens like a door and swings down like a tailgate—an exclusive in Falcon's class. Optional in 1968 is Ford's new 302-cubic-inch V-8 engine. Interiors feature new cloth and vinyl upholstery and a new instrument panel.

Refinements in styling and a new 429-cubic-inch V-8 engine distinguish the 1968 Thunderbird. Shown above is the four-door Landau model while below is the 2-door hardtop. All Thunderbirds have a standard bench seat in 1968 which, along with a lowered floor tunnel, provides more space for passengers. Highlighting the styling changes is a new grille that gives a wider look to the front of the car.

Littli Brown Jug Run Hit by Weather

DELAWARE, Ohio (AP) — The weatherman gave a promising morning line for today's 22nd annual running of the Little Brown Jug.

Cloudy skies, temperatures in the 70s and only a slight chance of light showers were forecast, but the memory of torrential rains which drenched the track during the last two runnings of the pacing classic for 3-year-olds still lingered in the memory of harness racing fans.

Coaches Corner

By FRED GLAZE

Football season is now in full swing as all college teams go in to action this weekend. For IV AA teams it has been in full swing for a month as tomorrow night will be the fourth game for most of the teams.

Earlier in the year I mentioned that I felt that a team that lost one game and tied one would have a chance at the title. With a tie game between Crossett and Malvern last week may make a prediction of that nature stand up. This is truly the most balanced conference that IV AA has been in many years.

Last week we journeyed to DeQueen and with a good defensive effort was able to come home a winner. There were brighter spots than we had looked for. I felt that Larry Massanelli who was starting his first game, did us a fine job. He was able to move the club but penalties hindered consistent movement.

We felt that the defensive unit did a good job also and fine performances were turned in by Jerry McWilliams, Jerry Hartsfield, John Henley, and David Flincher. Mike Russell, who started his first high school football game also turned in a good performance. Coach Higgins was pleased with team pursuit but still felt that we must continue to improve on team quickness.

Coach Bill Lawrence came back home and went to work on pass defense. This week will be one of the greatest test, if we can contain Mike Holloway and his passing attack we stand a chance. This week we went to work on offense especially down toward the goal line. We bogged down three times at DeQueen and the team was very displeased with their offensive effort. It makes all coaches feel good to know when boys realize some of their own shortcomings. I'm looking forward to Friday night because the boys have worked hard and have been very attentive in practice this week.

Another phase of the game which we continue to stress is our kicking game. Sophomore David Still punted seven times for 32.7 and DeQueen returned only one punt for a (-2) yards. For the first time we returned punts and did a fine job. Jerry Sanders returned 5 punts for 36 yards but had 82 yards of punt returns called back on penalties. He doesn't have a lot of speed but can pick his field real well.

Smackover moves into town tomorrow night and brings with them a big fast ball club. There QB, Mike Holloway, is one of the best in the conference and their running back is Dennis Briggers, probably the fastest boy in IV AA in a football uniform. Our boys are real concerned and rightfully so because they know that we must win to stay on top in the IV AA race.

Came time is 7:30 p.m. at Hammon Stadium Friday, September 22.

A-State Gets 5th Rank in College Poll

By THE ASSOCIATED PRESS

There's hardly a breather for the small-college football leader, powerful San Diego State. The Aztecs, No. 1 in the first Associated Press poll of the 1967 season, opened their campaign last Friday night by defeating Tennessee State 16-8. San Diego State was the top team and Tennessee State the runnerup in last year's final poll.

This Saturday, San Diego State, winner of 17 games in succession, takes on another formidable opponent in sixth-ranked Weber State. Weber gave the Aztecs their toughest battle last season before losing, 38-34. The Wildcats opened their '67 schedule last Saturday by edging Northern Arizona, 29-28.

In the initial AP poll this year, San Diego garnered eight first-place votes and 113 points. North Dakota State was second with 75 points followed by Waynesburg, 73 points. Twelve sports writers and broadcasters on a national panel participated in the balloting.

Tennessee State, which had its 10-game winning streak ended by San Diego State, was fourth with 70 points.

Arkansas State is fifth. Then come Weber, Northwestern Louisiana, West Chester, the University of Texas at Arlington and Florida A&M in that order.

Coach Reportedly Is Recovering

Has a \$2,530 Daily Double

NEW YORK (AP) — Jockey Oswaldo Rosado completed a \$2,530 daily double at Aqueduct race track with Celtic Wind on Sept. 5. On Tuesday he won with Mecca's Sister, \$97, to complete a \$3,648 DD. Ron Turcotte brought in Crooked Count at \$94.60 to start Tuesday's big payoff.

Chance Has Compliment for Boswell

MINNEAPOLIS — St. Paul (AP) — The Dean Chance-Dave Boswell mutual admiration society met in front of Chance's locker Wednesday after the big right-hander had pitched Minnesota to a four-hit, 13-strikeout 6-2 victory over Kansas City.

The Twins remained tied for first place in the American League race with Boston, which edged Cleveland 5-4 Wednesday night.

"Here is the greatest strike-out man in the world," Chance said, pointing to Boswell. "He inspires me."

Chance then rather laboriously wrote a long inspirational message on a baseball and gave it to Boswell.

"This is the ball on which I got my 200th strikeout today," Chance explained. "Boz gave me the ball when he got his 200th Tuesday night at Kansas City. We're the only two Twins' pitchers to strike out 200 men in a season."

Chance, who ran his season total to 207 before he was finished Wednesday for a career high, said Boswell "tells me to go for strikeouts against these big hitters. Sometimes I let up on them."

Apprentice Rides Five Winners

CHICAGO (AP) — Craig Perret, a 16-year-old apprentice jockey from New Orleans, rode five winners at the Hawthorne race track Wednesday.

Hays, Carr Matched in Game Sunday

NEW YORK (AP) — Can a 9.1 sprinter beat a 9.2 defender on a pass pattern? Cotton Bowl fans may get the answer Sunday in the expected Bob Hayes-Henry Carr matchup in the Dallas-New York Giants football game.

Hayes is the Cowboys' split end. Although Coach Tom Landry flips Hayes right and left, the normal position is on the left side of the line. Carr, formerly a safetyman, now is the Giants' right corner man. It is his responsibility to handle the wide receiver to the left in man-to-man coverage.

The prospect of a foot race between Hayes, the "World's Fastest Human" in his days at Florida A&M and the Olympics, and Carr, the 1964 Olympic 200-meter champ, is an alluring sidelight to Sunday's game.

Of the 26 first-round draft choices the top performers in last Sunday's pro games were Mel Farr of the Detroit Lions and Bob Griese of the Miami Dolphins.

Farr, signed out of UCLA by the Lions, ran for 95 yards against the tough Green Bay defense. Griese, called upon unexpectedly when John Stofa was injured, led Miami to victory over Denver with 12 of 19 pass completions for 193 yards and two touchdowns, a fine debut for the Purdue flash.

Bubba Smith, the giant defensive lineman from Michigan State, missed Baltimore's opener because of an injury. Bubba was the No. 1 pick in the draft on the rights the Colts got from New Orleans for Gary Cuzzo.

Steve Spurrier, the Heisman Trophy winner, was used as a punter by the San Francisco 49ers who started John Brodie and relieved with George Mira against Minnesota.

George Webster, Michigan State linebacker, is a regular with the Houston Oilers and a highly respected prospect.

Terrell and Ramos to Fight

MEXICO CITY (AP) — Boxing promoter George Parnassus said Tuesday night that Ernie Terrell will fight Manuel Ramos here Oct. 14 as part of the card on which Vicente Saldivar will defend his world featherweight title against Howard Winstone.

Weights Make Difference in Handicap

ATLANTIC CITY, N.J. (AP) — Weights made the difference in the \$100,000 United Nations Handicap.

Filt-To, low weight in the eight-horse field with 110 pounds, uncorked a sizzling stretch run to nip Assagi by a neck in the record time of 1:54 for the 1 3-16 mile grass test. That clipped two-fifths of a second off the old track record set by Parka in 1965.

Assagi, who won the U.N. last year and went on to become the national grass champion, carried 122 pounds in Wednesday's race.

Fort Marcy finished fourth but was moved up to third when Munden Point was disqualified for interfering with him in the final eighth.

Filt-To's owner-breeder Robert Lehman, an investment banker, received \$65,000 for the victory.

McLain Hurt, Tiger Flag Drive Hurt

DETROIT (AP) — The Detroit Tigers suffered a severe blow to their American League pennant chances Wednesday when they learned 17-game winner Denny McLain dislocated two toes in his left foot and would be lost for at least until Monday and possibly for the remaining nine games of the season.

McLain, knocked out in his

He Likes to Wreck Those Offenses

By MURRAY CHASS
Associated Press Sports Writer

NEW YORK (AP) — Dan Connors would rather wreck offenses in Oakland, Calif., than cars in St. Mary's, Pa.

He does a good job of both. For the car-wrecking, though, he receives nothing but headaches and repair bills.

For his latest offense-wrecking job, he has been named the American Football League's Defensive Player of the Week by The Associated Press.

Connors, middle linebacker of the Oakland Raiders, recovered two fumbles and generally led the defense that glittered for the second straight week in a 35-7 victory over Boston last Sunday.

The performance of the Raiders' defense in two games this season—It's allowed just seven points—has been a lot more gratifying to Connors, who also calls defensive signals, than his car problems last winter in St. Mary's.

"I was born and grew up in St. Mary's, but I hadn't lived there for seven years," Connors related. "I had been in Miami for four years while I was going

last four starts, said he dozed off while watching television at his home Monday and injured his foot when he arose from a chair.

"The foot fell asleep on me and when I got up it just collapsed outwards," said McLain. "I don't know if anyone will believe it, but that's what happened."

Manager Mayo Smith, who indicated he had planned to use only three starters the remainder of the season anyway, said McLain would remain in Detroit to take treatments during the weekend series in Washington and report to the team in New York on Monday.

The injury reduced the Detroit starting rotation to Earl Wilson, Joe Spurna and Mickey Lolich.

Thursday, September 21, 1967

to school and then spent three years in Oakland. "We (wife Marilyn and 2-year-old son Dan Jr.) didn't know what we were going to do last winter until I received a job offer from a carbon company in St. Mary's. If we had known what we were getting into, we never would have gone back."

Connors laughed when he said that, but all he did in the northwestern Pennsylvania town of St. Mary's was shiver.

"After four years in Miami and three in Oakland, we weren't used to the winter," the 26-year-old Connors said. "It shocked the heck out of us. It was a record cold winter. It got as cold as 20 below zero, and we had snow up to Easter."

"The roads were always very slippery, and I wrecked two cars."

Trying to Even Up One Run Defeats

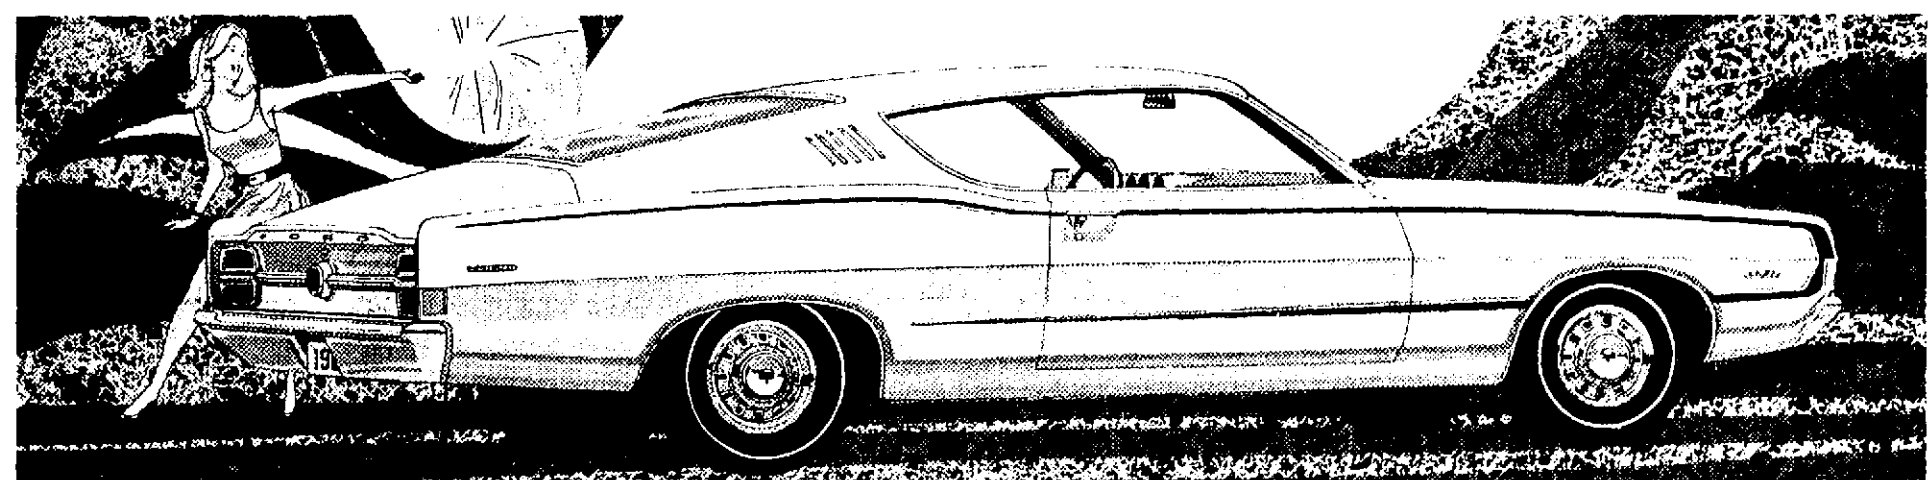

CLEVELAND (AP) — "The players are trying to even up the one-run defeats of last year all in one month," said Boston Manager Dick Williams Wednesday night after his Red Sox had edged the Cleveland Indians 5-4 to maintain a share of the American League lead with the Minnesota Twins.

"These games are more of a strain on you," said Carl Yastrzemski, who had no hit in five trips, including his 41st homer, and also scored the winning run. "It would be less of a strain if we'd win 9-1."

Sam McDowell, who started and left for a pinch hitter in the seventh inning with the score tied 4-4, gave up three of Yastrzemski's hits, including the homer.

"I was exceptionally quick with my hands and I hit his mistakes," Yastrzemski explained. "I have a day like that about every three weeks."

Nigeria has some 250 different tribal groups, with as many languages. Necessity made English its official language.

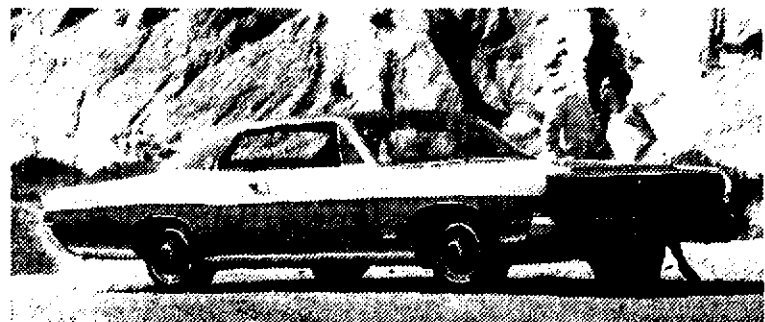

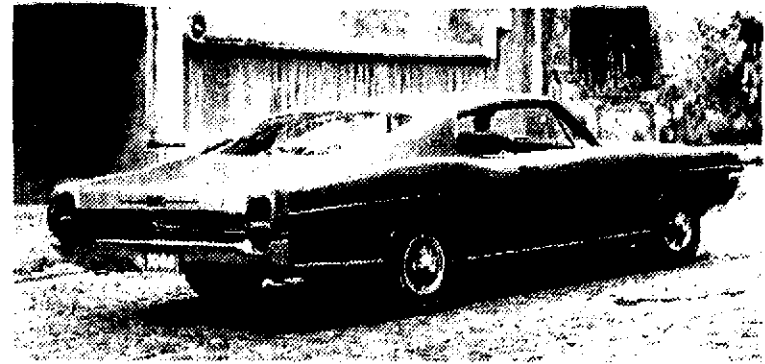

'68 FORDS-HERE TODAY!

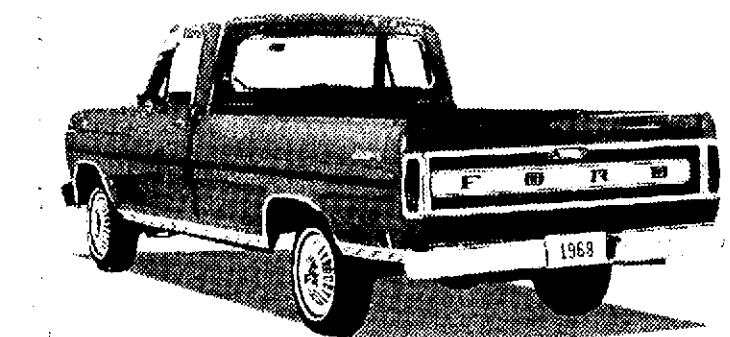

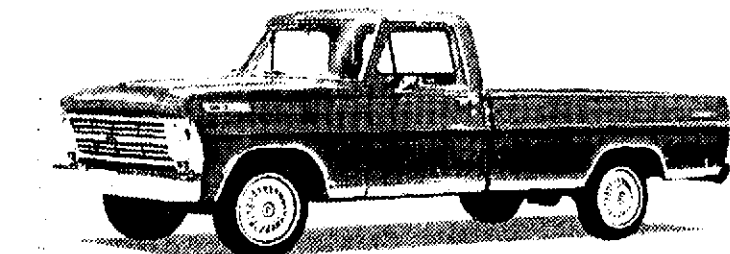

Your Ford Dealer has '68s with Better Ideas in stock right now. 48 great new cars in 5 complete lines including a new Fairlane series called Torino • 21 strong, quiet Fords • 3 sporty Mustangs • the first 6-passenger Thunderbird • 7 economical Falcons • America's widest selection of fastbacks, hardtops and wagons.

And everywhere Better Ideas: 2-way Magic Doorgate for wagons • 2-way SelectShift Cruise-O-Matic • Disappearing headlamps standard on LTD, XL, Country Squire and Thunderbird • Power front disc brakes • Power Ventilation . . . and more. See your Ford Dealer soon.

HOPE AUTO COMPANY, Inc.
220 W. Second St. Hope, Ark. Phone 7-2371

An exciting new XL fastback (above) and an LTD 2-door hardtop with a new formal roof line are but two of 21 Ford models for 1968. All LTD, XL and Country Squire models feature a special die-cast grille with retractable headlamp doors. A new 302-cubic-inch V-8 engine is standard in LTD and Squire models and optional in all other Fords. New options for 1968 include AM/FM multiplex stereo radio, an automatic load leveler system, a rear window defogger and tilt steering wheel.

Ford Division's popular F-100 Ranger pickup for 1968 boasts significant engineering changes designed to give improved truck performance in passenger car comfort. Ford's customer-proven Twin-I-Beam front suspension is teamed in 1968 with a new Flex-O-Matic rear suspension. The new rear suspension adjusts automatically to give uniformly smooth riding qualities under all load conditions. In addition to new, more luxurious interiors, Ford's handsome 1968 pickups are offered with new 360-cubic-inch and 390-cubic-inch V-8 engines, larger front and rear brakes, new integral air conditioning and a sound deadener package that provides passenger car quietness.

THOUGHT FOR THE DAY

To love to preach is one thing; to love those to whom we preach, quite another. - Cecil said it.

CALENDAR OF EVENTS

WOMEN'S DAY AT BETHEL

The Women's Day activities at Bethel A.M.E. Church Sunday September 24th, will begin with the Sunday School at 9:45 a.m. Guest teachers will be: Adult class, Mrs. Adell White; Senior class, Mrs. Capteria Smith; Intermediate class, Mrs. Dora Kern; Junior class, Mrs. Florine Lawson; Primary class, Mrs. Lurlean Phillips; Beginners class, Miss Delores Brown; Review, Mrs. J. M. McGhee.

The regular morning worship service will be held at 11:00 O'clock, with the minister, Rev.

J. E. Hughes, preaching a special Women's Day sermon.

At 3:00 p.m., the service will be centered around the theme, "Using My Talent For Christ", with women from churches of the city and surrounding areas participating. Music for the occasion will be rendered by a choir of 30 voices from choirs from all of the churches, under the direction of Mrs. W. C. Lowe, Minister of music at Bethel. Guest organist will be Mrs. Neva Carmichael; guest pianist will be Mrs. Willie K. Mitchell.

FUNERAL

Funeral service for Mr. Sidney Bragg will be held at Bethel A.M.E. Church Saturday September 23rd, at 2:00 p.m. Burial will be in Scott's Memory Gardens under the direction of Hicks Funeral Home, Inc.

Purest Iron

The purest iron is found in the metallic bodies called meteorites which sometimes fall to earth from outer space. The iron ore in the earth contains many impurities.

Court Docket

supposed to be smart.

The Hog discarded two diamonds from dummy and one from his hand. With four tricks in West shifted to a spade. The hog won in dummy and led a second spade to his queen. Then he cashed his ace of spades. West had to discard and the last thing he would do would be to throw a club, with that long club suit in dummy. He chuckled his jack of diamonds.

The hog threw away dummy's last diamond and it was East's turn to discard. East also felt that he had to hang on to four clubs and let the ten of diamonds go, whereupon the whole diamond suit was good.

You have already noticed that with diamonds breaking evenly there was no defense against a diamond slam.

The kibitzers asked the Hog about this.

He replied, "Of course the diamond slam was on. I didn't know it when I jumped to three no-trump. Ordinary players would have bid two or maybe three diamonds with my hand but I am a hog and proud of it. Anyone could make six diamonds. Only I could make three no-trump!"

♥-CARD Sense-♦

Q—The bidding has been:

Pass 6♥ Pass ?

You, South, hold:
♠K 9 ♥A J 5 4 ♦A Q 4 3 ♣Q 3 2

What do you do now?

A—Bid six no-trump. Your partner made the initial slam try. He should have something more than just the aces and kings he has shown you. If his extra is a five-card club suit with the jack, you have enough for six no-trump; if it is the queen of hearts, you have enough for seven hearts.

Didn't Work in Maine

SOUTH PORTLAND, Maine (AP)—When you want a cab in Scandinavia, all you do is pull the handle at the red box on the corner.

Four Finnish crewmen tried this method in South Portland Monday.

It worked—after a fire engine came to the scene and called a cab for the seamen.

By FRANK O'NEAL

leukemia. He has a breaking
out on his back that itches in-
tensely. What would you recom-
mend?

A—Itching may have many
causes. The lesions of chronic
leukemia may itch and for
relief of the itching calamine
lotion with phenol or some
other soothing preparation
should help.

Q—My husband has cancer
of the blood but his doctor
hasn't told him the nature of
his trouble. We both want a
baby. Would there be any
danger to me or the baby of
getting leukemia?

A—There would be no
danger to you and the danger
to the baby would be very
slight. Although there is
possibly a hereditary factor
in leukemia, its effect is mod-
ified by environmental influ-
ences and other hereditary
determinants.

Q—A member of the family
died with leukemia. She had
always been well but she had
two very bad scares. Could
they have caused leukemia?

A—No.

Please send your questions and
comments to Wayne G. Brandstadt,
M.D., in care of this paper. While
Dr. Brandstadt cannot answer indi-
vidual letters he will answer letters
of general interest in future columns.

Leaning Tower Just Toppled

PROMISE CITY, Iowa
(AP)—Bob Lockridge's leaning
tower of silage has toppled.
"I've got bricks and hay all
over," says Lockridge, who
watched his brand-new, seven-
story silo tip more and more
each day since Sept. 12.

The silo, one of the largest in
the area, contained 800 tons of
hay when it finally tumbled into
a 10,000 ruin.

"The contractor told me even
before it fell that he would build
me another one," Lockridge
said. The old one lasted four
months.

Q—My husband has chronic
leukemia. He has a breaking
out on his back that itches in-
tensely. What would you recom-
mend?

A—Itching may have many
causes. The lesions of chronic
leukemia may itch and for
relief of the itching calamine
lotion with phenol or some
other soothing preparation
should help.

DOCTOR'S MAILBAG

Test New Drugs to Aid Chronic Leukemia Victims

By WAYNE G. BRANDSTADT, M.D.
Newspaper Enterprise Assn.

Q—How does chronic
lymphocytic leukemia differ
from the other type? It is cur-
able?

A—Acute leukemia is char-
acterized by a sudden onset
with fever, sore throat, bleed-
ing from the mucous mem-
branes and black-and-blue
patches under the skin. The
white blood cell count is much
higher than with sore throats
due to infections. This disease
is rapidly fatal.

In chronic myelocytic leu-
kemia there is a gradually
progressive weakness with
pallor and shortness of breath.
In chronic lymphocytic leu-
kemia the onset is gradual,
with painless swelling of the
lymph nodes in the neck,
axilla and groin. In both of
these types there is a very
high white blood cell count
but there is a difference in
the type of cells predominat-
ing.

Several new drugs have
been reported to help the vic-
tims of chronic leukemia and
greatly prolong their lives but
it is too soon to say that any
of them will cure the disease.

Q—I have chronic leukemia
but although I have explained
to my friends that it is not
contagious, they are avoiding
me. They won't even allow
their children to play with
mine.

A—The fearful attitude
people take toward the vic-
tims of leukemia and some
other serious but noncontag-
ious diseases is both unfortu-
nate and cruel. It is in part a
carry-over from ancient times
when all diseases were
thought to be caused by evil
spirits and, in part, an emo-
tional reaction. The education
of laymen in these matters is
progressing but it is slow at
best.

Telephone Firm Finance Plans

LITTLE ROCK (AP)—Three
Northwest Arkansas telephone
companies sought the state Pub-
lic Service Commission's ap-
proval Tuesday of plans for fi-
nancing expansion.

Tri-County Telephone Co. at
Everson seeks \$1,173,000
through the federal Rural Ele-
ctricity Administration to build a
new dial central office at Mount
Judea, and made other improve-
ments.

Arkansas State Telephone Co.
at Waldron seeks \$2.5 million
from the Stromberg-Carlson
Corp., to enlarge its exchanges,
set up new central offices and
general expansion to take care
of about 2,000 more customers.

Boone County Telephone Co.
seeks approval of a lease con-
tract with Lease Investment Fi-
nancial Enterprise, Inc., to rent
additional equipment for 20
years, at \$3,462 a month.

Oldest Gardens

Oldest botanical gardens in
the western hemisphere were
established in Kingstown, on
the West Indian island of St.
Vincent, in 1765.

WORLD ALMANAC FACTS

Albinism, though not
common, is found among
humans and almost all
furred, finned and feath-
ered animals: even among
reptiles and insects, says
The World Almanac. The
albino lacks normal pig-
ment: only the blood re-
tains its sanguine color.
Hair, eyes and skin are
colorless. Light reflected
from the blood in the clear
retina makes the eyes look
pink.

QUICK QUIZ

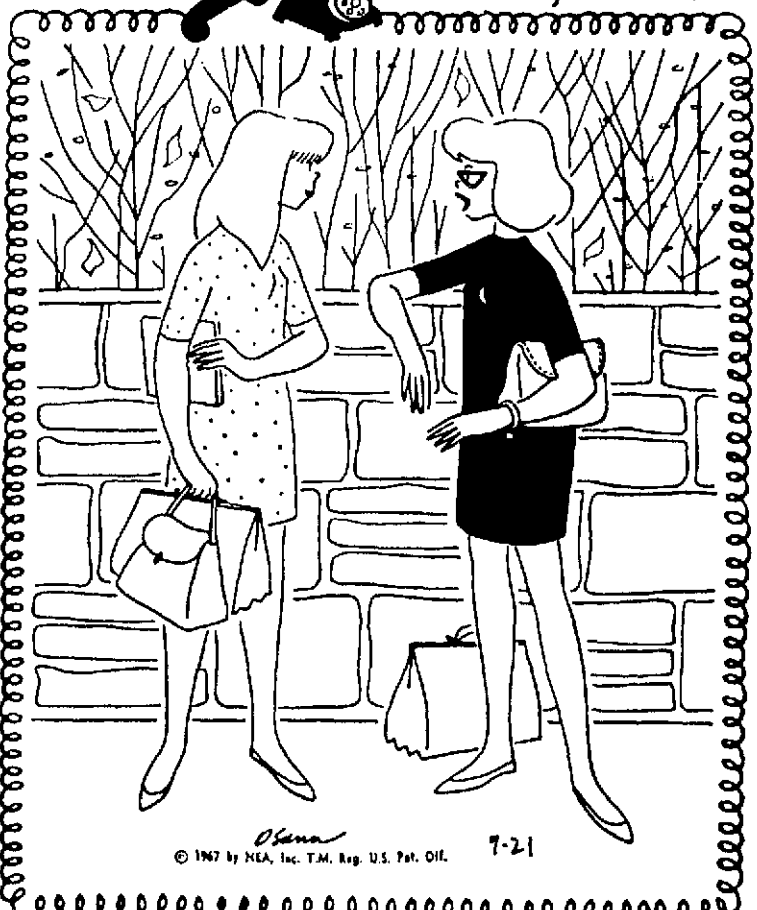

Q—How did the sequoia tree get its name?
A—The name honors the great Cherokee Indian chief, Sequoyah. This distinguished chief made an alphabet for his people and his statue stands in the rotunda of the Capitol at Washington, D.C.

Q—Why are London policemen called "bobbies"?
A—From the nickname of Sir Robert Peel, founder of Scotland Yard.

Barking Beagle Signals Fire

MARTINEZ, Calif. (AP) — The beagle barked frantically early in the morning trying to wake its mistress who had studied late the night before.

Charles Taylor, 18-year-old Contra Costa College student, finally was awakened by the barking and jumping on her bed Monday by 5-month-old Marty.

Miss Taylor opened the bedroom door of her second-floor apartment and was met by a wall of flame. She wrapped a blanket around her shoulders and raced through the living room and front door.

Neighbors ripped the burning blanket from her.

Miss Taylor asked some of the other evacuated tenants what happened to her dog. Marty, the beagle was found dead in the living room near a window.

Bob Thomas at the Movies

By BOB THOMAS

AP Movie-Television Writer HOLLYWOOD (AP) — Film producers in the new movie era are now facing a Hamlet-like dilemma: TV or not TV?

That is the question. Is it better to risk the silks and arrows of outraged moralists and make films that can never show on the home screen? Or to play it safe and produce movies that would face no unsurmountable problems with the vigilant network censors?

One company has met the issue by making a complete turnabout in programming. American-International soared to prosperity with cheaply made, innocuous movies that somehow appealed to the teen-age market: "I Was a Teen-Age Frankenstein," "Beach Blanket Bingo," "How to Stuff a Wild Bikini," "The Raven," etc.

The head of American-International once explained that Frankie Avalon and Annette Funicello never even talked about sex in the company's movies. "We've got a great family audience for our pictures," he said, "and we don't want to jeopardize that."

But a couple of years ago, the A-I researchers discovered that the youngsters were bored by the antiseptic romances of Frankie and Annette. The kids wanted to be turned on.

Since then, A-I has come on strong with films about drag racing and motorcycle gangs. The product has grown more sexy and violent until A-I achieved its first condemnation from the Catholic film reviewing agency, Roger Corman's "The Trip," which depicted the LSD experiences of Peter Fonda, was assailed as pornography.

Unless moral standards alter radically in the next few years, "The Trip" will not be allowed on network television. But A-I is willing to gamble that the box-office take from such sensational films will offset the loss of sales to television.

Nearly all of the films are made on limited budgets. The economic factors are plain: The average movie can earn at least \$800,000 from network runs after it has played in theaters. This makes any family type film an almost surefire investment, provided it doesn't go too far over budget.

But a movie that can never play television lacks that \$800,000 cushion and hence must be made economically.

Thus all major film deals are made with an eye to the television market, and this alarms some film makers. Producer-director Robert Aldrich is planning to film "The Killing of Sister George," based on the stage play that was a hit in London and so-so in New York. It concerns a pair of lesbians.

"Because of the subject matter, most film companies wouldn't touch it," says Aldrich. "They aren't interested in something that obviously could never play television."

"That worries me. I'm afraid that films will become more bland and less venturesome, because the companies are interested only in entertainment suitable for family consumption."

Those who share Aldrich's alarm are not encouraged by the entrance into feature filmmaking of the networks themselves. CBS is embarking on a large-scale program of theatrical films, later to be shown on television, and has signed Doris Day as its first star. ABC is starting its own productions with a movie to star Sidney Poitier.

NBC recently financed a Bob Hope movie and has presented several two-hour "world premiere" movies. The lack of daring and originality in the latter causes some critics to despair of the influence of television money on film making.

HELEN HELP US!

YOUTH ASKED FOR IT!

This column is for my people, their problems and pleasures, their troubles and fun. As with the rest of Helen Help Us, it welcomes laughs but won't dodge a serious question with a brush off.

Send your teenage questions to YOUTH ASKED FOR IT, care of Helen Help Us! this newspaper.

WANTED: OLD MILITARY BRASS

Dear Helen: This is an unusual request. I'll bet no one before has ever asked you where to find old military brass for an 11-year-old boy.

He is the son of a neighbor who lost everything in a disastrous fire. His prized possession was a big collection of military brass. He had buttons, insignia, buckles — everything imaginable from all ranks and branches of the Service. The family's other losses can be purchased again, but these can only be collected. It was used brass, the kind ordinarily thrown away on old belts, uniforms, etc.

Do you know how I could go about asking the Military to help replace this heart-sick little boy's collection? — ROSE

Dear Rose: Why not contact the Quartermaster at an Army Base nearby? If he's a kind-hearted Sergeant — (Note to enlisted men — they DO exist!) — he'll tell you how to proceed from there.

Perhaps a note on USO bulletin boards — "I will exchange a box of homemade cookies, for a box of used brass" — might do the trick. — H

Dear Helen: The article, "What is a Girl Friend?" was priceless. Trouble is, my mother threw away the paper before I could cut it out. You also mentioned another column on "What is a Boy Friend?" Could you please repeat these two features, for those who didn't see or save them? — MINDY LEE

Dear Mindy: Because so many of you have asked for reprints of "What is a Boy Friend?" and "What is a Girl Friend?" my syndicate has made mimeographed copies of the two articles. They are available to anyone who

Rain Hurting Cotton Crop

LITTLE ROCK (AP) — Eugene R. McInnes, officer in charge of the Agriculture Department's Cotton Division Classing Office, Consumer and Marketing Service, said Tuesday that the cool and rainy weather has slowed cotton boll maturity and everyone in the cotton industry is concerned about this year's production.

McInnes said the bolls set in August have grown in size, but the seed and fiber in the bolls does not seem to be maturing fast.

McInnes said the cotton in South Arkansas is more advanced and scattered patches of the older cotton is opening. Many of the problems would be alleviated by two weeks of warm, sunny weather, McInnes said.

Unless moral standards alter radically in the next few years, "The Trip" will not be allowed on network television. But A-I is willing to gamble that the box-office take from such sensational films will offset the loss of sales to television.

Nearly all of the films are made on limited budgets. The economic factors are plain: The average movie can earn at least \$800,000 from network runs after it has played in theaters. This makes any family type film an almost surefire investment, provided it doesn't go too far over budget.

But a movie that can never play television lacks that \$800,000 cushion and hence must be made economically.

Thus all major film deals are made with an eye to the television market, and this alarms some film makers. Producer-director Robert Aldrich is planning to film "The Killing of Sister George," based on the stage play that was a hit in London and so-so in New York. It concerns a pair of lesbians.

"Because of the subject matter, most film companies wouldn't touch it," says Aldrich. "They aren't interested in something that obviously could never play television."

NBC recently financed a Bob Hope movie and has presented several two-hour "world premiere" movies. The lack of daring and originality in the latter causes some critics to despair of the influence of television money on film making.

HIGH STYLE is in order for BOAC air hostesses, such as Pat Bleasdale, since the line started issuing mindbenders on the line's New York and Caribbean flights as part of a promotional campaign. New dresses will be issued to each girl for each flight, and they can keep them after the flights.

sends me a stamped, self-addressed envelope. — H

Dear Helen: I heard that the way you tell if anyone has been

HOPE (ANK) STAR, Printed by Offset

smoking marijuana is by the smell of incense. That's because people burn it to hide the smell of pot.

These friends of mine have just started burning incense. They don't act any differently, but do you suppose they're having pot-parties? — SUSPICIOUS

Dear Sus: Maybe, just maybe, these friends started burning incense because someone gave them an incense burner.

Watch it, chum, or your nosiness may make a friendship go to ashes (not pot!) — H

Dear Helen: I'm 16½, but big for my age and could pass for a much older man. I do the house repair work for a 29-year-old woman whose husband is away a lot of the time.

She doesn't like him very well and she said she was lonely. Sometimes I don't get much re-

pair work done.

I know I should quit this job, as the worry is making me lose a lot of weight. Nothing like this has ever happened to me before. I can't seem to stay away from her. Even if I try, she keeps calling me up every time her husband goes away.

What do you make of this? — TOM

Dear Tom: She is making a fool of herself, a wreck of you, and when her husband finds out,

he'll finish the job. Tell her to find herself another houseboy, and when she calls, hang up! — H

PERSONAL TO ALL THOSE WHO LOST THE ADDRESS: A gain, the address of Vietnam Mail Call is P.O. Box 3104-A, Columbus, Georgia, 31903. Send your letter to a serviceman here and it will be forwarded overseas. Enclose a dime for mail-

ing charges, and if you wish to correspond with the serviceman, include your name and address with your request. — H

This column is dedicated to family living, so if you're having kid trouble, or just plain trouble, let Helen help YOU. She will also welcome your own amusing experiences. Address Helen Bettel in care of Hope Star. Copyright, 1967, Inc.

Should Enforce New Scooter Law; Official Clerk

An Arkansas state trooper pointed out to me some time ago that we have a new state law requiring certain safety equipment for riders of motorcycles and motor scooters but the cities weren't enforcing it. I promised to say something about it, then forgot—only to be reminded by an item in Wednesday's Arkansas Democrat. It seems that Little Rock has cracked down on the 'cyclists. Here's what the Democrat says: The new law requires of all powered 'cyclists:

A helmet.
Goggles or a transparent face shield.
A crash bar.

The new law got publicity when some 'cyclist who had been given a ticket wrote a letter to the Democrat complaining that the motorcycle officer who arrested him did not himself wear goggles. This drew a response from Little Rock's police chief that he would see to it that mounted officers set a correct example in the future.

While we are on the subject of safety it seems to me the police also should crack down on unpowered bicyclists who roam the streets without either lights or reflectors. In heavy traffic with blinding lights coming from both directions it is a suicidal practice. Even with lights and reflectors a person riding a bicycle at night should wear something white—as an eye-catcher in a sea of headlights. This safety practice makes good sense anytime anywhere.

In Chicago there is an officious little clerk who calls himself the director of a private welfare agency which works with the Puerto Rican poor—and if he isn't fired by tonight the contributing public should cut off the agency's funds tomorrow.

George Romney, governor of Michigan and a candidate for the Republican nomination for President, is touring the big city trouble spots of America—but when he visited this Chicago welfare center the director, one Luis Cuza, refused to let him in. I heard on the radio last night their actual voices in yesterday's argument on the sidewalk outside the agency office—and while myself a critic of Cnadidate Romney I felt for him in his outrageous treatment by a hired charity case worker.

Make no mistake about it — Luis Cuza's affront was deliberate.

When Romney arrived at the welfare center he found a sign posted over the doorway: "We Do Not Welcome Politicians That Call Out National Guard on Poor People."

Romney called it "a despicable political attack"—and so it was.

What the governor of Michigan chooses to do about a riot in his own state is no business of a charity case worker in Chicago. Luis Cuza is the name of a fool.

What's the use of writing editorials, as I have, denouncing Romney for not being harsher than he was in putting down Detroit's rebellion, when some stupid charity clerk comes along and makes votes for him?

And make no mistake about this — that blundering idiot in Chicago did help Romney. The American people don't like the idea of a lone candidate being set upon by the heirlings of an organized charity — and denied the right to look and see and appraise wherever he happens to be.

No Secret Weapons, Source Says

WASHINGTON (AP) — Israel captured a wealth of Soviet-made weapons during the Middle East war but American officials scoff at suggestions the United States received any military secrets in the process.

Defense and State Department spokesmen told The Associated Press there has been no exchange of information between Israel and the United States on the captured weapons.

Among war materiel captured by Israel in the Sinai Desert and other areas were Soviet anti-air missiles, surface-to-air missiles—SAMs—like those used in North Vietnam.

Auto Strike Side Effects Mounting

By A.F. MAHAN

DETROIT (AP) — Economic side effects of the United Auto Workers strike against Ford Motor Co. are mounting, and the diagnosis is that they'll get much worse.

Already hundreds of jobs in supplier factories and in transportation have vanished, along with 160,000 in Ford plants across the country.

As the strike enters its third week today, industrial spokesmen say that henceforth for the walkout's duration layoffs elsewhere likely will be accelerated.

And there was a prediction Wednesday from Ken Bannon, chief of the union's Ford negotiating team, that the strike has at least six more weeks to run.

Bannon, expressing hope he was too pessimistic, estimated it will be another month "before the pieces start falling together" in negotiations of a new contract between Ford and the UAW. Then, he predicted, it will take another two weeks to fit all the pieces together.

Ford was struck at midnight Sept. 6 as three-year contracts ran out there and at Chrysler and General Motors. The UAW chose Ford as its target, hoping to use whatever it wins there as the pattern for subsequent settlements at Chrysler and GM, in that order.

The UAW struck in support of what it calls its "longest and most ambitious list of demands" in history, and it was over economic issues, including a demand for guaranteed annual income, that negotiations began in July finally foundered. Since the walkout, Ford and UAW negotiators have not returned to economic issues and are not expected to before next week, at the earliest.

While striking Ford, the union kept its members working without contracts in GM and Chrysler plants, which together employ almost 500,000.

The UAW international executive board gathered in Detroit today to recommend a strike-supporting increase in union dues paid by UAW members still working. A special convention of the union is set for Oct. 8 in Detroit to act on the recommendation.

Meanwhile workers in the 25-state Ford empire began collecting strike benefits ranging from \$20 to \$30 weekly, depending on family size, compared with what the company says was an average weekly gross paycheck of \$155.83 last year.

Bannon, who is the UAW's Ford department director, was among those shifting to a strike benefit income status. Normally he makes \$19,250 a year, but as a family man he draws the top strike benefit: \$30 a week.

Industrialists say the pinch of the strike would have been greater already, but while ordering shipments held up, Ford has not yet notified suppliers to hold up on manufacture of components for 1968 models, which go on display in dealer showrooms Friday.

Vendors calling on Ford have dwindled, and some express amazement that Ford has not yet ordered a stop on previously placed orders.

Mummified Bodies of 3 Infants Found in Trunk in New York

NEW YORK (AP) — An old trunk found in the basement of a Manhattan apartment house has yielded the bodies of three mummified infants, one of whom may have been dead for 47 years.

The bizarre and unusual case came to light when the trunk was opened Wednesday night. Dr. Paul Herman, assistant medical examiner, set an autopsy examination of the infants today to determine how they died.

The discovery was made when John Hartnett, superintendent of the building on West 181st Street in the Washington Heights section advised tenants to clear a basement storage area of unwanted items.

Hartnett told police he found one trunk with the name Anne

Dirksen Just About Best Friend of Mr. Johnson in Congress

By JACK BELL
AP political writer

WASHINGTON (AP) — They're saying around the Capitol that Senate Republican Leader Everett M. Dirksen is just about President Johnson's most effective friend in Congress.

Just as he often pulls some of the President's coals out of the Republican fire of criticism on Vietnam war policies, Dirksen stepped in Wednesday to save

Rent Subsidy Big Victory for Johnson

By JOE HALL

WASHINGTON (AP) — The Senate has handed President Johnson a big victory by approving two of his major programs for improving living conditions for slum dwellers.

It voted 62 to 28 to give the President \$537 million for the model cities program and 59 to 31 to allow him the full \$40 million of contract authority he asked for rent subsidies. Senate Republican Leader Everett M. Dirksen persuaded 16 other GOP senators to support the rent subsidies bill.

The allotments were riveted Wednesday into a \$10.4-billion omnibus money bill on which the Senate is expected to complete action today.

The \$537 million for model cities is \$300 million more than the House allowed and substantially all the administration said it needs for this new program.

The total includes the full \$400 million authorized for special grants to cities this year, plus \$12 million in planning money and \$125 million in special urban renewal funds for use in the model city areas.

Johnson asked for another \$125 million in special urban renewal money—a total of \$250 million—but the bill's managers said other urban renewal funds were available from which the deficiency could be made up.

The administration devised the model cities program, first authorized by Congress last year, to give special aid to cities so they can clean up much of their slum areas.

Ford Greatest Businessman

ANN ARBOR, Mich. (AP) — Today's business executives rate Henry Ford, founder of the Ford Motor Co., as the greatest businessman in American history, a University of Michigan research report said today.

In a six-month survey of 423 business executives, Ford received 97 first-place votes and a total of 2,650 points on a formula of 10 points for a first-place vote, nine for second, and so on.

Runners-up, in order, were steel giant Andrew Carnegie, inventor Thomas A. Edison, oilman John D. Rockefeller, auto magnate Alfred P. Sloan, financier Bernard M. Baruch, telephone inventor Alexander Graham Bell, explosives industry leader E. I. du Pont, auto builder Walter P. Chrysler and tire company founder Harvey S. Firestone.

One of the papers was an edition of the defunct Evening Sun dated Jan. 20, 1920. Another was the defunct Evening World dated March 4, 1922 and the third was the old Evening Journal of Oct. 17, 1923.

Solomon told police his wife had been previously married in 1933 but that he had no knowledge of her having given birth to any children.

UN to Hear U.S. Policy in Vietnam

UNITED NATIONS, N. Y. (AP) — Ambassador Arthur J. Goldberg today asked North Vietnam for a definite and specific statement as to whether a halt of U.S. bombing would lead to meaningful negotiations without advantage to either side.

In a major policy speech before the 122-nation U.N. General Assembly, the chief U.S. delegate reaffirmed that the United States favors peace talks and is willing to negotiate at Geneva or elsewhere.

He appealed to all U.N. members collectively and individually to aid in the search for peace. He also reaffirmed the U.S. belief that the United Nations has responsibilities under its charter to take a hand in the Vietnam problem.

By MAX HARRELSON
UNITED NATIONS, N.Y. (AP) — U.S. Ambassador Arthur J. Goldberg makes a major policy statement on Vietnam today as the U.N. General Assembly opens a general debate on world problems.

Informants described the Goldberg statement as a "redefinition" of the U.S. position, approved by the White House after a new look at the whole picture.

They said the speech would contain something "important and significant" but cautioned that Goldberg is "not going to reverse everything."

Despite the expected appeals from other delegations for an unconditional halt in the U.S. bombing of North Vietnam, Goldberg was expected to stand on the previously stated position that the bombing will not be halted unless Hanoi gives some sign that it will take steps to de-escalate the war.

The Vietnam problem was not formally on the agenda of the 122-nation assembly, but it is customary during the opening general debate to deal with all world problems. No action beyond this is expected on Vietnam during the current session, although there undoubtedly will be private conversations.

Postal Hike, Pay Increase Advances

WASHINGTON (AP) — The House Post Office Committee approved today combined legislation raising postal rates across the board and giving pay raises to more than two million federal employees and postal workers.

The vote was 19 to 6. The bill, expected to be considered by the House in about two weeks, would raise postage for letters and post cards by one cent to six and five cents, while raising air mail rates by two cents to 10 cents for letters and eight cents for cards.

It provides three-stage increases for second class postage averaging about 21 per cent and would raise third class rates in January by about 30 per cent.

The pay measure, which has been added to the bill earlier this week, would give postal workers a six per cent increase and other federal employees a 4.5 per cent boost as of Oct. 1.

Dedicated to Helping Mentally Ill

The Arkansas Association for Mental Health, Inc. is the leading citizen's voluntary organization dedicated to fighting mental illness and committed to helping the mentally ill, their families and the community. We can and we must help those who need our help. It is not a small or easy task we undertake—we are fighting our Nation's number one health problem—mental illness.

There are many steps to be considered in trying to help the mentally ill. One of the State-wide program emphasis will be on seeking improved care and treatment for hospitalized mental patients. Many of our hospitals are often overcrowded, isolated from the community, crippled by personnel and equipment shortages, provide very little or no after care services and patients are deprived of proven benefits of contact with their families, friends and familiar community resources.

Support your local chapter of the National Association for Mental Health by mailing your contribution now.

Gray Named to Aid Director

LITTLE ROCK (AP) — Dr. Ralph Gray, 36, named development economist for the Economic Development Program last August, has been appointed assistant director of the program, it was announced Wednesday.

Dr. James W. Branch is attending the Annual Scientific Assembly of the American Academy of General Practice in Dallas.

Band Lessons for Beginners Planned Here

Beginning band classes are now being formed in the Hope Junior High School and students are selecting instruments for study. Fifteen students have enrolled and places are open for several more.

Band classes for beginners are open only to students in the junior and senior high school at the present time. Several school owned instruments are available to students for a small cost rental of \$5 per semester and need to be placed in use according to the high school band director. Band fees for beginners are \$1.50 per month.

Ruel Oliver, representing Lovell Music Company of Texarkana, will be at the high school band building Thursday night September 21 at 7:30 to discuss the rental-purchase plan with interested parents.

This is a plan whereby a student may rent for a period of two months a band instrument and at the end of two months desires to purchase the instrument, the rent applies to the cost of the instrument. Information regarding the local band may be obtained by calling PR7-2727 and asking for Richard Keyton, Band Director, Hope Schools.

Gray Named to Aid Director

LITTLE ROCK (AP) — Dr. Ralph Gray, 36, named development economist for the Economic Development Program last August, has been appointed assistant director of the program, it was announced Wednesday.

Dr. James W. Branch is attending the Annual Scientific Assembly of the American Academy of General Practice in Dallas.

Director Named by WR

LITTLE ROCK (AP) — Dr. Walter L. Hodges, 37, a former director of the Institute for Child Study at Indiana University, has been named professional staff director of the Governor's Early Childhood Development Program, Gov. Winthrop Rockefeller announced Wednesday.

The B52 attacks today were aimed at suspected Communist troop concentrations, rocket positions, bunkers, and trench networks within 2.5 miles of Con Thien, both to the west and to the north in the DMZ. The B52s have hit the DMZ 67 times since mid-August.

All Around Town

By The Star Staff

The Planning and Zoning Commission's first choice for Interstate 30-Highway 29 interchange route into Hope is on Shover Street with an overpass across the Missouri Pacific Railway yard . . . this would mean changing it from the present Hangel Street locations . . . Paul McClellan and Ben McRae are two new board members.

Two Army officers, both U of A graduates and veterans of the war in Vietnam are now instructing cadets in the Reserve Officers Training Corps at the University of Arkansas . . . they are Lt. Col. Clinton D. Jones, native of Hope, who graduated in 1950 with a degree in mechanical engineering and Capt. Jon Morgan of Piggott . . . Col. R. L. Utley, professor of military science and commanding officer of the Army ROTC made the announcement of the appointment to his staff . . . Utley is a native of Nashville.

Clyde T. McKinnon, son of Mr. and Mrs. John T. McKinnon of Hope, Ark. Rt. 3, was promoted to Army master sergeant during ceremonies in Seoul, Korea on Aug. 22 . . . Sgt. McKinnon entered the Army in 1944 and was last assigned to Santa Fe, N.M. . . . his wife, Hazel, lives on Rt. 2, Santa Fe.

The Order of the Eastern Star will meet tonight at 8 o'clock at Masonic Hall.

Floods boiled up along rivers and creeks faster than harried disaster relief officials could keep track of them.

The little city of Alice, 40 miles west of Corpus Christi was deluged by almost 7 inches of rain as Beulah's eye passed through. Other towns and cities in the vicinity recorded rains in two-digit figures, topped by 13.80 inches at Tuleta, 70 miles northeast of here.

A 13-day-old storm that began in the Atlantic, Beulah claimed 30 lives—six in Texas. Eighteen died in the Caribbean and the rest perished in Mexico's southern regions.

Flooding plagued the southern half of Texas and threatened to be a major problem for days. The rains showed no signs of abating.

Will Return Woman's Body

DETROIT (AP) — The body of Mrs. Alfred G. Wilson will be brought to Detroit from Brussels, Belgium, for services Tuesday, apparently of a heart attack.

She had been the wife of auto pioneer John F. Dodge. After his death in 1920, she married lumberman Alfred G. Wilson in 1925. He died in 1962.

Beulah Finally Drops in Force But Continues to Leave Wide Destruction

U.S. Lost 236 Troops Last Week

By GEORGE ESPER
SAIGON (AP) — Continued North Vietnamese shellings across South Vietnam's northern border killed six more Marines and wounded 41, and U.S. forces went after the Red gunners with B52s, Marine fighters and big Navy guns today.

While the battle of artillery, mortars and bombs raged around the U.S. Marine outpost at Con Thien, just below the Demilitarized Zone, men of the Queen's Cobra Regiment of Thailand began arriving to fight around the Saigon area.

The U.S. Command also announced last week's casualties—236 Americans killed, mostly in the war of attrition along the DMZ. Communist losses were put at 1,774 killed. The South Vietnamese said they lost 215 dead.

The number of U.S. combat deaths last week dropped slightly, but the wounded toll rose sharply.

Last week's figures compared to 242 dead, 1,490 wounded and 7 missing for the previous week ending Sept. 9.

Eight-engine B52 bombers went back for two predawn raids near Con Thien today after they and jungle-skimming fighter-bombers tried to pinpoint the Communist firing positions and destroy them Wednesday.

Foul weather hid the enemy, who opened up with another barrage, hitting the Marine positions with more than 300 rounds of artillery, mortar and rocket fire in the last 24 hours.

Some of it came from Soviet-built 152mm guns as far as 15 miles away.

The B52 attacks today were aimed at suspected Communist troop concentrations, rocket positions, bunkers, and trench networks within 2.5 miles of Con Thien, both to the west and to the north in the DMZ. The B52s have hit the DMZ 67 times since mid-August.

A substantial swing among urban and suburban Republicans figured in the House's about-face vote of \$40 million for expanded rat control aid.

Prohibits Sonic Booms

SANTA BARBARA, Calif. (AP) — The City Council has passed an ordinance prohibiting sonic booms over Santa Barbara.

Specifically, the ordinance prohibits aircraft from flying over the city in such a way as to cause sonic booms.

In introducing the measure Wednesday, Councilman Klaus Kemp said noon-hour booms have rattled the city almost daily during recent weeks.

A spokesman for the city attorney said violation of any ordinance is a misdemeanor.

This means, he said, if the Air Force were found guilty of causing a sonic boom over Santa Barbara, it might have to pay a \$500 fine or spend six months in jail.

A new name and a new car—the Mercury Montego—with a full line of 13 models in five series will be introduced in Lincoln-Mercury dealerships on September 22. Described as the lowest priced luxury car in the entire Mercury family for 1968, the Montego offers full six-passenger comfort. Passenger car length is 206 inches and the wheelbase 116 inches. Montego's striking resemblance to the Mercury is intensified by its forward-thrusting power dome hood, full width grille and dual horizontal headlamps. Pictured is the Mercury Montego MX two-door hardtop, one of eight two-door hardtops in the line. Ford Motor Company Lifeguard Design Safety Features, including energy-absorbing steering column and steering wheel, are incorporated in all Montego models.

On Display Friday, September 22, at The Trading Post

A distinctive, more formal roof on the Continental Coupé gives fresh appeal to the Lincoln Continental for 1968 without violating the car's traditional continuity of design. Acknowledged as America's most distinguished motor car, the Lincoln Continental goes on sale in Lincoln-Mercury dealerships on September 22. Ford Motor Company Lifeguard Design Safety Features, including energy-absorbing steering column and steering wheel, are incorporated in the new models.

Says Fulbright Getting Hard to Follow

By JAMES MARLOW
AP News Analyst
WASHINGTON (AP)—Sen. J. William Fulbright, now anxious to curb the president's power in foreign affairs, is getting a little hard to follow if your memory is good. His own memory on American wars sounds hazy.

In 1961, in a speech which got little attention, Fulbright, Arkansas Democrat and chairman of the Senate's Foreign Relations Committee, complained the president had too many restraints on him in foreign affairs. "We have hobbled the president by too niggardly a grant of power," he said.

He raised a question about what the Constitution, put together in 1787, says about the separation of powers between President and Congress in foreign affairs.

All it really says is that while Congress alone has the authority to declare war, the president is commander in chief of the armed forces and can make treaties with the "advice and consent" of the Senate, if two-thirds agree.

The founding Fathers didn't know much about foreign affairs and couldn't anticipate the complexities to come. For instance, instead of going through the formality and delay of getting Senate approval on a treaty, the presidents have very often made simple agreements with other powers.

"The source of an effective foreign policy under our system is presidential power," Fulbright said. He wondered whether it wasn't time for Congress to overhaul the Constitution's "18th century" procedures on foreign policy.

Now, in a statement copyrighted by Newsday, a New York newspaper, he complains "that the power of congress in foreign policy has been diminishing throughout this century." He wants Congress to reassert its authority.

In 1954 Sen. John W. Bricker, R-Ohio, tried to cut the president's power by proposing a constitutional amendment requiring congressional approval by both Houses for treaties and executive agreements.

Fulbright voted against it, saying it was a "retreat from the world."

This summer Fulbright proposed and built his Newsday piece around it—this piece was just a re-write of a speech he made July 19—that the Senate pass a resolution that Congress as well as the president must approve not only treaties but executive agreements and commitments made by the president.

This is completely foggy, since the resolution doesn't say whether the Senate or both House and Senate should be given such authority in foreign affairs but it goes way beyond the simple "advice and consent" requirement on treaties alone in the Constitution.

If the Senate approved, Johnson would probably ignore it since a resolution doesn't have the effect of law. If he obeyed it, it would truly hobble him.

In 1961, the day before making his complaint that the president didn't have enough power, Fulbright came away from seeing President John F. Kennedy at the White House, saying he endorsed the use of U.S. military forces—if considered necessary—to prevent South Vietnam from being overrun by the Communists.

But now, Fulbright, one of the Senate's "doves" on the war in Vietnam, is Johnson's most constant critic on that conflict. After North Vietnamese torpedo boats attacked U.S. destroyers in the Gulf of Tonkin in 1964, Johnson asked Congress to pass a resolution approving his use of the armed forces in Vietnam to stop aggression if necessary. Both houses approved overwhelmingly. Fulbright was in charge of getting the resolution through and, when asked if he thought it gave the president enough authority to get into a war in Vietnam, he said that was how he interpreted it. Now he says he didn't realize the full significance of the Tonkin Gulf resolution.

In the Newsday piece Fulbright complained that in this century presidents have been making war without a declaration by Congress. But he is against rescinding the Gulf of Tonkin resolution.

He forgot something in the Newsday statement. He said the exclusive authority for Congress to initiate war was "substantially respected in the 19th century."

Twelve states were represented at the first Continental Congress; Georgia was missing.

KNOW WHEN OUR SHIP CAME IN?

In 1859.

That was the year an imaginative 26-year old, named George H. Hartford, had a brilliant idea.

The idea? Buy tea direct from the Orient by the clipper shipload.

Eliminate expensive in-between costs. Sell directly to the public, at great savings... a small profit.

1859...that's when our ship came in. That was the beginning.

That's when our founder showed he cared about people.

Today, in keeping with that proud heritage, A&P is still dedicated to bringing the most good food, to the most people for the least amount of money.

Today, more than a century later, we can honestly say, "WE CARE...about you."

Is this a good reason for shopping A&P? It's one of many.

Jury Report Rapped by Spa Officials

HOT SPRINGS, Ark. (AP)—The Garland County Grand Jury's second interim report to Circuit Judge Henry Britt drew immediate criticism from two officials it criticized Wednesday and a petition was filed asking that sections of the report be expunged.

About 25 city and county officials and law enforcement officers were present for the report, which rapped illegal gambling, private clubs and the city's amusement tax ordinance.

Pros. Atty. Walter Wright, one of those criticized in the report, immediately filed a petition in Circuit Court here on behalf of himself and Municipal Judge Earl Mazander, asking that certain sections, or the report as a whole, be expunged.

In another development, Mayor Dan Wolf announced that police were advising all private clubs that the sale of mixed drinks must cease and that establishments with beer licenses must close according to the state curfew.

Sheriff Eugene "Bud" Canada, who had anticipated the Grand Jury report, said he had notified establishments throughout the county Tuesday to follow orders similar to Wolf's.

Wolf also said there would be no more collections on an amusement tax on gaming equipment. He said, however, that the tax had accounted for over \$1 million and provided the city with a new city hall, auditorium, fire station and police department since it was authorized in a 1957 city ordinance.

The report criticized Wright "for his delay for several weeks" in filing for a petition to padlock the Show Boat, a Lake Hamilton night spot. It

said he filed the petition only "after the summer season was over, the building vacated, and after the sheriff had arrested Guy Watkins (the operator) and seized gambling equipment."

Wright objected to that section and another that he said referred to Mazander.

That section said, "We call on the prosecuting attorney, the municipal judge and circuit judge to duly exercise the power given them by law, to more vigorously enforce the law and protect our citizens, and more particularly our young people, from these illegal operations."

"We feel the infliction of a few maximum penalties and the reduction of the number of suspension of all penalties will give the sheriff's and police department more incentive to perform their duties in the field of investigation," the report said.

Watkins was fined \$30 and cost Monday by Mazander on a charge of exhibiting a gambling device. A second charge of contributing to the delinquency of a minor by selling liquor was dismissed.

Wright and Mazander also objected to the report's conclusion, which "encouraged and admonished all the elected and appointed city and county officials to perform their respective duties forthwith."

Wright's petition stated that the report as a whole in no way conformed to the general concept of a Grand Jury report, but was in fact, an "abuse of Grand Jury authority and discretion."

Rains Collapse Indian Homes

CALCUTTA, India (AP)—Forty-eight hours of heavy rains has collapsed 1,000 homes in the Hindu holy city of Bihar, killing 5 persons and injuring 60 others, official dispatches said Wednesday. They added the rains have caused flooding in Gaya and the state capital of Patna, washing 10,000 acres of crops.

\$135 Million Wage Deal for Teachers

By BOB MONROE
NEW YORK (AP)— Tentative agreement on a reported \$135.4-million wage package has apparently ended the teachers' strike that kept many of New York City's 1.1 million public school pupils out of class for eight days.

Both school officials and union leaders said after the agreement was reached Wednesday, they hoped normal operations in the nation's largest school system could begin on Monday.

A spokesman for the striking AFL-CIO United Federation of Teachers local said picket lines would continue until the full membership ratified the contract. A mass meeting for the purpose is expected Sunday.

The Board of Education asked pupils to stay home today. The walkout began Sept. 11, the start of the fall term, in defiance of a no-strike order from the State Supreme Court.

The three top union leaders were due in court today for an off-delayed trial on criminal contempt charges.

Details of the proposed contract were not made public. Albert Shanker, president of the 49,000-member UFT, said the specifics were being withheld because "it would not be conducive to ratification."

However, the package was reported to provide \$135.4 million in salary increases and other benefits over a 26-month period from last July 1 to Sept. 10, 1969. The union had turned down a two-year \$125-million offer.

At the outset of negotiations the UFT sought an annual wage scale for teachers of \$7,500 to \$18,000 to replace the old scale of \$5,400 to \$11,950. The \$124-million package, recommended

HOPE (ARK) STAR, Printed by Offset

by a three-man mediation panel was scaled from \$6,600 to \$13,600.

Other issues in the strike included union demands for a reduction in class size, more preparation time for teachers and greater freedom for teachers in dealing with disruptive pupils in classes.

The latter issue aroused considerable resentment among some Negro and Puerto Rican groups which felt it was aimed primarily at youngsters in slum schools. It was not immediately known how the issue was resolved.

Interstates Fine But They Cost

By EDITH LEDERER
Associated Press Writer
From Sault Ste. Marie, Mich., and Canada to Tampa, Fla., from Greensboro, N.C., to Barstow, Calif., the word is out: Interstate is coming "in."

In bits and pieces stretched like broken chains from coast to coast and border to border, a checkerboard pattern of interstate highways are already criss-crossing the map.

Harried motorists plagued by narrow roads, numerous detours, stop signs and traffic lights may be in for smooth driving, sooner than they think.

The key, however, is money, especially federal money. Interstate costs are met 90 per cent by the U.S. Bureau of Public Roads and 10 per cent by the states.

Highway officials across the nation are willing to estimate target dates for completion of interstate highway stretches in their states, but each forecast has a monetary string attached.

If federal funds continue to be available, motorists may be able by early 1973 to drive the entire length of Interstate 75, from Sault Ste. Marie to Tampa, on a four-lane highway without a single stop sign, traffic light or intersection at grade.

And this trip could be just the beginning of a longer journey. At Sault Ste. Marie, Interstate 75 crosses the St. Mary's River on the International Bridge and joins the 5,000-mile-long Trans-Canada Highway, the world's longest paved highway.

One of the longest transcontinental routes, Interstate 40, which runs from Barstow to Greensboro, is not expected to be fully completed until 1973.

While long stretches of these and other interstates are finished and open, bottlenecks remain.

SIXTH SENSE seems to be with Michael Griesemer, 8, of Rotterdam, N.Y., who shows he can identify colors of pictures without seeing them. Michael's talent was discovered when friends read a magazine article about extrasensory perception and tried some of the suggested tests on Mike, who passed with flying colors.

Nitrogen in Tires Likely

PITTSBURGH (AP)— Someday soon you may be driving into a service station and asking the attendant to check the nitrogen pressure in your tires instead of the air pressure—and it may cost money.

The Gulf Oil Corp. announced Wednesday it has been experimenting with nitrogen for tire inflation and is test marketing the system at its stations in the Houston, Tex., area.

The 20 per cent oxygen content of air, Gulf said, causes tire rubber and fabric to deteriorate. Pure nitrogen, the company said, is expected to prolong tire life and reduce tire failure.

Air is free at gas stations, but nitrogen is a different matter. Gulf says it's charging 50 cents to inflate a new tire and \$1.00 to clean and inflate a tire that already has air in it.

Terrorists Hit Hong Kong

HONG KONG (AP)— Police arrested 13 suspects today after 33 persons were injured in two bomb attacks by Communist terrorists. Two children, five policemen and four Gurkha soldiers were among those hurt.

Fraudulent Licenses Bring Arrests

LITTLE ROCK (AP)— Four persons have been arrested for possession of fraudulent Arkansas driver's licenses, the state Revenue Department announced Wednesday.

The department said two persons had been arrested in Golden Valley, Minn., one in New York and one in North Little Rock.

At least three of the licenses were issued from Van Buren, the department said.

The arrests followed last week's announcement by state Revenue Commissioner B. Bryan Larey that his department had uncovered fraudulent practices in the sale of driver's licenses and motor vehicle license plates at revenue offices in Van Buren, Walnut Ridge and Hot Springs.

The department said Wednesday that it had no information indicating that any of the present revenue employees at Van Buren and Walnut Ridge were involved. Its news release did not mention the Hot Springs office.

The release said there had been personnel changes in the Van Buren and Walnut Ridge offices to restore public confidence in their operation, but that the fact that an employee "may have been relieved of his or her duties as a result of the move does not necessarily imply that the person participated in the sale of improper licenses."

Larey estimated last week that more than 10,000 licenses may have been issued to non-residents and residents who haven't taken driver's tests.

The couple arrested in Golden Valley had licenses made out in other names with a General Delivery address in Van Buren.

The driver of a trailer truck was apprehended in New York, but it was not known where his license was issued.

North Little Rock police arrested an Indiana carnival worker Tuesday night, and the Revenue Department said he would be charged today with making a fraudulent application to obtain a driver's license. The charge is a misdemeanor punishable by a fine of up to \$100 or by not more than 10 days in jail.

The department said the man, Thomas B. Larey, 28, of Anderson, Ind., had a license issued at Van Buren to a Hot Springs address.
